## Four-Power Governors Continue Conference On Berlin Issues

### Washington Is Closely Watching Berlin Parley

Seek Hints As To Progress Of Four-Governor Conference On Blockade

#### SOME OPTIMISM AT WASHINGTON

By JOHN A. REICHMANN  
(U. S. Staff Correspondent)  
WASHINGTON, Sept. 1.—Washington officials anxiously watched actions of Berlin's Communists today for hints as to progress of blockade and currency negotiations.

Officials were generally optimistic following the first meeting of the four allied military governors studying technical means of lifting the blockade and unifying the local currency.

Optimism Is Guarded  
However, optimism was guarded in view of the many breakdowns in the past just as western diplomats felt accord was within reach.

It has been made clear that these two problems were out of the hands of the big four Moscow discussions for the present. Any slip or controversy now would have to occur in Berlin.

The most immediate concern during this period centers around the disturbances which have taken place in the divided city.

Demonstrations against the Berlin assembly by the Communists who have twice broken up assembly might indicate the situation was out of hand or that Soviet officials contemplated them.

That the two problems of the Soviet imposed blockade and currency are directly interlocked has been made clear in official statements that they are being considered together.

It was recalled that the blockade (Continued on Page Two)

### Pa New Observes

Looking back, Pa New finds that just nine years ago today, Germany invaded Poland, a little over two years before U. S. got involved in World War II.

Pa New notes that Liberty street in the Seventh ward is decorated with red, white and blue bunting, in preparation for a convention scheduled for this weekend.

From temperature recordings of up near 100 degrees a few days ago, to down around 60 and lower early this morning, is quite a drop but that in what local weather changes provided.

Commuters from the rural sections who work in the city, tell Pa New that the car heater felt quite comfortable as they traveled this morning. Mercuries dropped considerably from the records that were set last week at this time.

A commemorative stamp honoring the memory of former Chief Justice of the Supreme Court, Harlan Stone, went on sale at the post office this morning. About four new stamps will appear during this month.

Installation of the new stamp machine at the downtown post office was begun this morning by workmen. The machine which will stand adjacent to the stamp windows will be in use when the windows are closed. Full value of stamps will be received for the money placed in the machine.

### Acquit Schacht In German Court

Court Sweeps Aside Charges That Financial Expert Was Nazi Offender

STUTTGART, Sept. 1.—(INS)—Hjalmar Schacht, financial expert in Adolf Hitler's regime, was acquitted by a German court today on charges of being a Nazi offender.

The court swept aside the charges against Schacht who has spent most of the time since Germany's defeat in prison and praised him for having inspired numerous plots against Hitler's life.

Schacht had been found not guilty earlier in the occupation on charges of being a war criminal by a Nuremberg military tribunal. Spectators in the crowded courtroom applauded as the German denazification court announced its decision. The financial "wizard" received numerous floral tributes from well-wishers as he joined his wife and drove away in an automobile.

#### Court Declaration

The court declared in its judgment: "No civilian in the German resistance was more active than Schacht who did not content himself with criticism, but inspired and cooperated in numerous plots against Hitler."

When he was released, Schacht declared to newsmen: "I have spent five years behind bars of which only ten months was deserved. That was the period in which I served in Hitler's concentration camp. The rest of the time was an injustice to me and I am glad to be given justice at last."

He originally had been sentenced by a German court to ten years in a labor camp, but won an appeal.

#### REUNION DATE IS SET BY 323RD F. A.

At a recent meeting of the executive committee of the 323rd light field artillery regiment of World War I, composed of men from the local area, the dates of Friday and Saturday, October 22 and 23, were set for the annual reunion, which will take place in the General Broadhead hotel, Beaver Falls.

The group will attend the football game between Farrell and Beaver Falls on the evening of October 22, following which a get-together will be held in the VFW post home.

#### EXPECT RESURFACING SOON

Director of Public Improvement James Gibson stated today that he anticipates resurfacing of the North Jefferson street hill by the state highway maintenance crew in the near future. The improvement was promised some time ago for a summer project.

### Witnesses Brand Man As Alleged Mastermind Of 'Red' Underground

(BULLETIN)  
NEW YORK, Sept. 1.—(INS)—Louis F. Budenz named J. V. Peters today as "one of three undercover Communists who instructed the national committee of the Communist party on tactics and strategy."

Budenz, former Communist and ex-editor of the "Daily Worker," testified at Peters' deportation hearing conducted by the Immigration and Naturalization Service in New York, that the other two top Communists were Gerhard Eisler and Fred Brown, alias Marital.

NEW YORK, Sept. 1.—(INS)—Alexander Stevens, a pudgy, mustachioed middle-aged New Yorker, stood accused today as the sinister J. V. Peters—alleged mastermind of a communist underground dedicated to the violent overthrow of the U. S. government.

Stevens—or Peters—was so branded at yesterday's deportation hearing being conducted by the Immigration and Naturalization Service.

The Hungarian-born Peters sat silently at the session while four former communists linked him with red activities in America. One of them, George Hewitt, a negro (Continued on Page Two)

### New Group Of 24 Starts Training In Nurses School

Large Number Of Young Women Begin Nurses Training At New Castle Hospital

Today, a group of twenty-four young women entered the New Castle Hospital School of Nursing, prepared to start their studies for a professional nursing career.

Numbered among the twenty-four are two Sisters of the Order of St. Francis, Sister Edith Mary and Sister Mary Caritas. They are the first Sisters to enroll as students in the New Castle Hospital School of Nursing since 1921, and will participate in all the theoretical and practical experiences with other members of the class. Both of the Sisters, former teachers, entered the rank of the nursing profession in an endeavor to help the ever-increasing need for Sister engaged in hospital work—not only in New Castle, but also in other hospitals in charge of Sisters of St. Francis, Millville, Pittsburgh.

Following a three year educational program of combined theoretical and practical work planned with the approval of the Pennsylvania State Board of Nursing (Continued on Page Two)

### Call Pastor At New Wilmington

Neshannock Presbyterian Congregation Gives Call To New Jersey Minister

NEW WILMINGTON, Sept. 1.—The congregation of Neshannock Presbyterian church has extended a call to Rev. Rowland H. White, of Cedarville, N. J., to become pastor of the church. A special meeting of the congregation was held Tuesday evening in the church, when the action was taken.

Rev. White, who was heard at the church on Sunday, August 29, was well received by the congregation. His acceptance is contingent on release by the Cedarville Presbytery. Rev. White is 41 years of age and has one son aged 11. He was graduated from Wooster college and Princeton, N. J. seminary.

The pulpit of the church became vacant several months ago upon the retirement of Rev. W. F. Byers.

#### STRIKE IS ENDED

CHICAGO, Sept. 1.—(INS)—The two-week-old International Harvester strike, involving 24,000 employees at seven plants in the midwest, was settled at Chicago today.

Officials of the company and the CIO-United Automobile Workers reached agreement this morning. Plants affected are located at Fort Wayne, Ind., Melrose, Park, Ill., Evansville, Ind., Memphis, Springfield, O., and Indianapolis.

### Register 400 At City Draft Board First Two Days

Report 300 Registered In Same Time At Ellwood City Registration Offices

#### SCHOOL TEACHERS ARE AIDING WORK

With the school teachers of the city and county doing yeoman service in helping to register the large group who have presented themselves for registration since the Peace Time Selective Service act became effective on Monday, affairs were found to be running very smoothly today, and a minimum amount of confusion is expected to be experienced from now on.

It was plenty tough Monday, and for a time yesterday, those manning the registration places were rushed, but things seemed to have settled down a little more today.

#### Register 400 In City

Complete figures for the registration in the city were made available today, showing that 120 men were registered on Monday, in the age group from August 30 to December 31, 1932. Yesterday, when registrations were being accepted for those men born in 1923, there were 281 who were registered.

In the county, complete figures were not available, but 300 were registered in Ellwood City alone during the two days. Registrations there are being taken in the high school.

The quota which has been assigned for the city is 3,750. It was stated today by Attorney Charles V. Ross, chairman of City Board 67, while the county has a slightly higher quota, approximating 4,000 it is stated.

#### May Register Quota

Figures of the initial registrations would bear this out. However, this does not mean that all these men who are being registered will be subject to call. Men who were married before the draft went into effect, service men who had more than a few months service, and the young men who are in the 18-year-old class, will be exempted, along with others who come into special classes.

It is expected that numbers will be assigned the men after the (Continued on Page Two)

### Wallace Goes Into Alabama

To Continue Campaign In South Despite Heckling And Tomato Barrages

ASHEVILLE, N. C., Sept. 1.—(INS)—Henry A. Wallace carries his presidential campaign into Alabama today, still determined to speak before a non-segregated crowd in Dixie despite heckling and barrages of eggs and tomatoes.

The progressive party presidential candidate is scheduled to speak at Birmingham, Ala., today. Since Wallace started on his speaking tour in the deep south last Sunday, he has been booed and heckled by hostile crowds that tossed eggs and ripe fruit at him on five separate occasions in North Carolina.

To these incidents, Wallace has replied that nothing would stop him from his attempt to speak before mixed crowds of white and Negroes on his Dixie tour.

The last egg-and-tomato throwing incident occurred at Hickory yesterday when the former vice president attempted to address a heckling crowd of 3,000 persons.

### C. A. Beard, Noted Historian, Dies

NEW HAVEN, Conn., Sept. 1.—(INS)—Charles A. Beard, noted historian and author, died in New Haven General hospital today.

Beard was taken to New Haven from his home in New Milford, Conn. Hospital authorities would not release the cause of his death immediately.

### Man Mentioned As Successor To Stalin Dies Quite Suddenly

By TALBOT HOOD  
(U. S. Staff Correspondent)

LONDON, Sept. 1.—British newspapers raised the possibility today that Col. Gen. Andrei A. Zhdanov, key member of the Russian Politburo whose death was announced yesterday, may have been "liquidated."

The newspapers reported recent rumors that Zhdanov, 52, named prominently as a successor to Premier Marshal Stalin, had been at odds with Foreign Minister V. M. Molotov, whose chances for succession to the No. 1 Soviet government spot was said now to be strengthened.

(In Moscow, Zhdanov's body lay in state in the House of Unions where thousands filed by for a final look at the war hero who earned the popular title of the "Savior of Leningrad.")

### Schuman Seeks To Form Stable French Cabinet

By JOHN E. LEE  
(U. S. Staff Correspondent)

PARIS, Sept. 1.—French Premier Robert Schuman today sought a stable coalition cabinet to help him steer a course between the extreme right and left.

The national assembly last night approved Schuman as premier by a vote of 322-185. Right-wing adherents of Gen. Charles DeGaulle, who favor new elections, abstained. The communist bloc furnished the opposition votes.

Schuman last November took over the reins of government with a middle-of-the-road cabinet which succeeded in weathering a series of communist-led strikes. His regime fell, however, last month when Socialist deputies voted against his military budget.

In the one-month-old government of ex-Premier Andre Marie, which fell last week, Schuman served as foreign minister.

The bald, silver-haired Schuman, a leader of the Popular Republican party—a Catholic moderate group—outlined a compromise economic program yesterday.

### New York Truck Drivers On Strike

NEW YORK, Sept. 1.—(INS)—New York police reported that 20,000 truck drivers went on strike today to enforce wage demands and the stoppage has virtually shut off the city's normal trucking business.

They said only a few trucks moved through the city and many of them carried only perishable foods.

A union spokesman said that nine other unions in Westchester county, Long Island and parts of New Jersey, with a membership of 20,000, are prepared to follow suit.

The Atlantic and Pacific Tea Co. said they obtained permission to move fresh produce.

Earlier, President John E. Strong of local 607 said the drivers would not work "because they have no contract, nothing to work under." Their contract expired at midnight.

### Slippery Rock Area S.S. Group To Meet

The Slippery Rock District of the Lawrence County Sabbath School Association will hold its Fall Convention in the Mt. Hermon Presbyterian church, Friday, September 24, afternoon and evening.

A meeting of the district officers will be held in the Princeton Presbyterian church, Thursday evening, September 2 at 8:15 o'clock. Plans will be completed for the convention and reports will be heard from the district.

### Some Belief That Berlin Blockade End May Be Near

Secrecy Maintained As To Developments At Conference Started Tuesday

#### CURRENCY ISSUE CENTER OF TALKS

By OMER ANDERSON  
(U. S. Staff Correspondent)

BERLIN, Sept. 1.—The four military governors of Germany began their second conference on Berlin a few minutes after 11 a. m. (EDT) today.

The beginning of the meeting was delayed for about five minutes by the late arrival of Soviet Marshal Vasily Sokolovsky.

Even as the meeting opened, there was mounting belief that the talks may lead to a quick end of the 10-week-old Russian blockade of the former German capital.

#### Secrecy Maintained

A British spokesman added that "the same secrecy which attended the Moscow talks will be maintained." Yesterday's face-to-face meeting around the conference table of the four commanders was the first concrete result of the drawn-out Moscow talks.

In attendance were the four commanders—America's Gen. Lucius D. Clay, Russia's Marshal Vasily Sokolovsky, Britain's Gen. Sir Brian Robertson and France's Gen. Joseph Pierre Koenig—members of their staffs. They met in the Allied Control Authority building, scene of a dramatic walk-out last March which widened the east-west rift.

#### Other Conferences

Two other four-power conference groups—a finance and transport committee—will meet in the former German capital today to discuss currency and blockade problems.

Disclosure that the talks were to deal with making the Russian mark the only legal tender in Berlin sent the western deutchmark rapidly skidding on the city's free money market.

Many officially licensed money exchange booths closed down to await clarification of the situation.

Yesterday's talks marked the first time in five months that the four-power commanders in Germany have conferred together.

#### Would Be Starting Point

If the knotty currency issue can be unraveled it would provide a starting point for settling other (Continued on Page Two)

### Atlantic Hurricane Moving Northeast

WASHINGTON, Sept. 1.—(INS)—The weather bureau announced today that the Atlantic hurricane was 400 miles east of Atlantic City at 5:30 a. m. (EDT) and moving northeast.

In a special report the bureau added that "while no dangerous winds are expected on the coast, storm warnings have been ordered... from Block Island to Provincetown around the inner cape to Portland, Me."

The report said the center of the storm, with winds of 100 miles per hour, was moving northeast at 30 miles per hour, and that the "eye of the storm" now covers a space 400 to 500 miles in diameter.

### Marijuana Smoking Charges Are Made

Hollywood Actor And Actress Are Taken Into Custody By Federal Officers

HOLLYWOOD, Calif., Sept. 1.—(INS)—Federal narcotics agents reported today the arrest of Screen Actor Robert Mitchum and Starlet Lila Leeds on charges of smoking marijuana.

The officers said the 31-year-old star had admitted being an "occasional" marijuana smoker during the past two years.

Mitchum and Miss Leeds were arrested last night by Los Angeles and federal narcotics agents, with Robin Ford, 31, a friend of Mitchum, and Vicki Evans, 25, Miss Leeds' roommate.

The four were taken into custody in the 20-year-old starlet's Laurel Canyon home.

Officer A. M. Barr said Mitchum had been under surveillance for the past eight months while Miss Leeds had been watched by narcotics agents about six months.

Following their arrest, the four were held on a felony charge of violating the state narcotics act.

## New Director Assumes Duties

**Miss Stewart Takes Over Post As Head Of Y.W.C.A. Today**

Already in the midst of important business and duties is Miss Dorothy Stewart, new executive director of the local Y.W.C.A., who assumed the position this morning at the branch office.

Miss Stewart tackled with vigor the huge stack of mail which has been accumulating since July 1, the last day in which the previous director was in charge.

**Conference Today**

An early afternoon conference was scheduled with the office secretary, Mrs. Martha Smith, at which time she received information as to the details and regulations of the Y.W.C.A. building; the various staff members and the future meetings.

This week, Miss Stewart expects to confer with the president of the Y.W.C.A., Mrs. C. M. England. She will become acquainted with the organizational structure of the "Y" at this time. Although not entirely new to New Castle and the local branch of the Y.W.C.A., there is a need for individual meetings with members of the staff and house director, and in general to get acquainted with the local set-up and local problems of the "Y" now on hand.

## Y.T.C. To Open Season's Meetings

Movies and refreshments will feature the first assembly of the 1948-49 season of the New Castle Youth Temperance Council Thursday evening, September 3, at 7:30 o'clock in the Y.W.C.A. The meeting is open to all teenagers of the district. There is no charge.

The group is looking forward to activities of the coming months under the leadership of Mrs. A. W. Zeigler, who was recently named counselor. Mrs. Zeigler will be given a special welcome at Thursday's gathering.

The council has been without a regular leader since Mrs. James Dittmar resigned on account of moving to Clymer, where her husband accepted a call as pastor of the Missionary Alliance church.

Greetings have been sent to Miss Helen Beecher, secretary of the group, who has been confined for several weeks to the Jameson Memorial hospital.

**PAINTING CROSS-WALKS**

Michael Quinn and Charles Pearce, city painters, and Police-man Jack Lively, city force, are in charge of painting cross-walks at all school houses here, preparatory to the opening of school next week.

The London Daily Telegraph pointed out that prior to the Russian announcement of the death of Zhdanov, who was a leader of the Kremlin Communists, "no whisper had emerged from Russia or any other part of the world that Zhdanov was a sick man."

The newspaper continued: "While the probabilities are that Zhdanov died of an unspecified illness, the possibility that he was 'liquidated' as many others cannot entirely be disregarded."

"It was rumored recently that Zhdanov was not on good terms with Molotov."

was imposed only after the western powers announced their merger and had issued a separate German mark for that area.

**Soviets Retaliated**

The Soviets retaliated by the blockade as necessary to the protection of their economy.

This view has not been questioned by the western powers, who reportedly have agreed to make the Soviet mark, issued later, legal tender for all Berlin. Previous disputes have centered around control of currency in Berlin.

The Soviet attitude has been that control be entirely in their hands, a matter unacceptable in view of the heavy contributions being made to the upkeep of Berlin by the United States particularly.

Officials declined to predict the length of the Berlin talks. Any halt presumably would have to be referred back to Moscow and, in turn, to the foreign governments. However, it was believed that a deadline has been set.

Should an agreement be reached on these Berlin problems, it was believed that a meeting of the big four foreign ministers might be scheduled to discuss other outstanding problems.

So much time has elapsed, however, that it appeared no such meeting could be held to coincide with the opening of the U. N. general assembly in Paris on Sept. 15.

and former member of the Central Communist Party of America, offered the most damning evidence. Hewitt, who quit the party in 1944 after 18 years of service, made the following charges against Peters:

**Taught Violence**

Peters attended the Lenin school in Moscow; he was chosen to "pass the word" on to American communists; he taught violence and sold the idea that U. S. capitalism must be destroyed by "force and blood"; such institutions as "schools and churches" which disagree with communism must also be blotted out.

The alleged "spy king" remained silent at both the deportation hearing and at Monday's subcommittee hearing of the House Un-American activities committee. A recommendation was made that he be cited for contempt of Congress.

**Under Subpoena**

He is already under indefinite subpoena and may be given another opportunity to testify before final contempt action is taken. The other ex-communists who testified against Peters were Andrew Smith, 64-year-old Slovakian Maurice Malkin, who once served a prison term for violent labor agitation, and Charles H. White, a negro who said he was a member of the party five years.

Smith backed up Hewitt's testimony to the effect that Peters was a frequent attendant at Moscow meetings of international communists.

Malkin connected Peters with labor agitation and other forms of incitement in this country. He said that in 1933 and 1934 he met Peters at meetings concerning unemployment and rent strikes.

the complex east-west differences in Berlin and elsewhere in Germany.

The hour-long session came as the result of sudden instructions from top-level four-power negotiators in Moscow where Berlin crisis talks have been going on since July 31. The progress of the Berlin sessions will be a closely guarded secret.

However, it is known that the main topic to be considered by the commanders will be the thorny problem of a currency in the four-power city.

Reliable informants declared that the Moscow negotiators have agreed to Soviet demands for a single, Russian-issued currency in Berlin provided the three western powers share in its control.

**ACCIDENT VICTIM BACK IN HOSPITAL**

In addition to the list of teachers previously mentioned, who have been helping out the city board, those who aided Tuesday afternoon included: W. J. Wallace, Franklin Junior high; H. E. McMunn Jr., Pitt dental student; Miss Mildred Smith, Rose avenue, and Orlando Lucidore, Pollock school.

Those helping today are: Mrs. Ethel W. Bolland, Rose avenue; Miss Janet Breneman, Senior high; Miss Nannie Mitchell, principal of George Washington; W. J. Wallace, Ben Franklin; Miss Laina Niemi, Oak street, and Mrs. Dorothy Jean McKee, Washington Junior high.

**In Age Groups**

The thing that draft board officials would like to have the men affected by the act, is not to present themselves until their particular age group is summoned, and in the case of men from the rural districts, to go to the point nearest their home, where registration points have been set up.

Men born in 1923 were still being registered today. Thursday and Friday, September 2 and 3, men born in 1924 are asked to present themselves, and Saturday and Tuesday, September 4 and 7, men born in 1925 will be summoned.

## C.I.O. Executive Board Majority Endorses Truman

By JOHN BOOTH  
(U. N. Staff Correspondent)

WASHINGTON, Sept. 1.—A large bloc of labor votes dropped in President Truman's lap today.

Endorsement of the Truman-Barkley ticket by a majority of the CIO executive board indicated that at least five million members of that organization will vote Democratic.

Heads of 12 CIO unions, representing another million or so workers, refused to go along with the majority and stuck by their earlier pledge to support third party candidate Henry A. Wallace.

This does not mean, however, that members of the dissident unions will necessarily follow their leaders.

CIO President Philip Murray told reporters that he probably will undertake an active speaking campaign on behalf of the Democratic candidates.

The next step will be a meeting of the CIO Political Action Committee to chart details of the union's Truman-Barkley drive.

The loss of one eye does not cut down the field of vision by one-half, but by about one-fifth.

## No Mystery About Funeral Prices Here

The management of the Boyd Home for Funerals invites anyone who is interested in information about funeral service and its cost to call for a frank discussion. This invitation is especially directed to persons who may be facing the need for such service.

You will find no mystery here about either the services available or the cost. In our display rooms all prices are plainly marked—and selection is purely a matter of your own choice.

Whatever amount you may decide to spend, you may be certain of one thing: When a family entrusts us with arrangements, they receive full staff services and the use of our Home for Funerals, the Hammond organ and all equipment. We do not slight patrons because they cannot afford a costly funeral.

### MORROW-BRADEN EVENING WEDDING

At an informal wedding ceremony in St. John's Lutheran church Monday evening, August 30, at 7 o'clock, Miss Donna Lou Morrow, daughter of Mr. and Mrs. Fred Morrow, of 303 East Wallace avenue, and Thomas Taylor Braden, son of Mr. and Mrs. Harold C. Braden, of R. D. 1, were united in marriage. Rev. A. E. Simon officiated.

The bride wore a dressmaker suit of autumn tulle and green accessories. Her corsage was of white button 'mums and she wore a rhinestone necklace, gift of the groom.

As matron of honor Mrs. Edward Allison, Jr. wore a tailored dress of luggage tan silk with brown accessories and a corsage of pale orange 'mums.

Harold C. Braden, Jr., brother of the groom, served as best man. Following the ceremony there was a reception in the New Penn Hotel for 25 guests. Buffet refreshments were served.

Mr. and Mrs. Braden left on a wedding trip to an undisclosed destination and upon their return will take up temporary residence at 506 Countyline street, while awaiting completion of their new home at R. D. 1.

Mrs. Braden, a graduate of New Castle high school, is employed at Rice's Pharmacy. Mr. Braden, a graduate of Princeton high school, is affiliated with the Portage Transfer Company.

### DOERR-SENTGEORGE ENGAGEMENT TOLD

Mr. and Mrs. Glenn Doerr, of 419 East Garfield avenue, announce the engagement of their daughter, Glenna Doerr, to William Sentgeorge, son of Mr. and Mrs. Martin Sentgeorge of 9 East Reynolds street.

### Magee Reunion

Annual Magee reunion was held Saturday, August 28, at Ewing Park, Ellwood City. A picnic dinner was served at 1 o'clock to 50 guests.

Officers elected were: President, George R. Magee; vice president, Irwin Stevenson; secretary, Mrs. John Krebs; and treasurer, Mrs. Jesse Shaffer.

The afternoon was spent in an informal social time.

The next reunion will be Saturday, July 5, 1949, at Ewing Park, Ellwood City.

### CARR-KIENAST CHURCH NUPTIALS

Madonna Catholic church was the scene of a pretty wedding August 28, when Miss Mary Louise Carr, daughter of Mrs. Peter Carr, 1032 North Cedar street, was united in marriage to Fred P. Kienast, son of Mr. and Mrs. H. J. Kienast, 405 Burke street. Using the double ring service, Rev. Fr. Francis Kuczynski officiated at the ceremony which took place at 3 o'clock in the afternoon before a tastefully arranged altar, decorated with palms, ferns and gladioli.

The bride, given in marriage by her uncle, Joseph Iwanek, was lovely in a white marquisette gown trimmed in Chantilly lace. Her veil fell from a headdress of orange blossoms, and she carried an arm bouquet of white roses, centered with an orchid. Her pearl cross and earrings were gifts of the groom.

Miss Mimi Chmura, maid of honor, was attired in gown of green marquisette. Misses Jane Carr and Ruth Kienast, bridesmaids, wore matching dresses of orchid marquisette. The attendants carried bouquets of yellow roses and 'mums, and their head-dresses were of the same flowers.

Thomas Glibbo served the groom as best man, while James Delaney, Detroit, Mich., and Gene Vallely acted as ushers.

Following the exchange of vows, the immediate families were entertained at dinner with co-workers of the bride serving as aides in the Ecclesian club, where a reception for 400 guests took place in the evening.

Upon returning from a trip by automobile through the New England states and to Atlantic City, the young couple will be at home after September 6 at 1032 North Cedar street.

The bride, a graduate of New Castle high school in the June class of 1944, is employed in the clay shop of the Shenango Pottery company.

Mr. Kienast, who was graduated from New Castle high school in the class of June, 1939, is now an employee of the B. & O. railroad after serving for two and a half years in the U. S. navy, having been located on the Admiralty islands.

### BRIDGE PARTY

#### FETED AT SHOWER

Mrs. James W. Anderson, of 2312 Highland avenue, entertained a group of friends at her home Friday evening, August 27, in honor of Miss Lois Hogue, bride elect of September 18.

The evening was spent playing cards and in an informal social time. Prizes were awarded Miss Lucella Rowe, Mrs. Donald Potter, Mrs. Clare Gorley and Miss Lois Hogue.

At an appropriate hour a delicious lunch was served at a daintily appointed table. The centerpiece was a crystal epergne filled with yellow candles and mixed bouquets of pastel flowers. The other rooms of the hostess's home were also decorated with lovely fall flowers.

The table decorations were carried out in a color scheme of yellow, green and white. Miniature yellow sail boats filled with candy were used as favors and on each sail was written a verse dedicated to Miss Hogue and her fiancée, Mrs. Anderson was assisted in serving by her mother, Mrs. W. C. Wright, and sister, Mrs. Paul E. Newman, of Cleveland.

Miss Hogue, daughter of Mr. and Mrs. J. Lawrence Hogue, of 920 East Harrison street, will become the bride of James W. Thompson, son of Mr. and Mrs. C. C. Thompson, of Harrison, Ark., at an open church wedding September 18 at 7:30 p. m. in the Epworth Methodist church.

## In View Of News Of The World

By J. C. OESTREICHER, INS Foreign Director

A 100-year old dream of European cooperation which persists with unbelievable hardness despite the setbacks of war and rising tides of nationalism will attract world attention again this week.

The European parliamentary congress is meeting at Interlaken, Switzerland.

And the idealists who believe that a United States of Europe is not only practical but essential will exchange views of ways and means of transforming a Utopian aim into reality.

Coming at a moment of high significance in the diplomatic power struggle between east and west, the meeting is of major importance and may develop some unexpected proposals going far beyond mere protestations of friendship.

Specifically, the 250 cabinet members and legislators from every European nation between the Pyrenees and the Iron Curtain are concerned with drafting a broad statement of principles for a constitutional assembly to be called in the near future.

Two Salient Points  
 Two salient points probably will be developed: public or private consultations at the session, which although unofficial is expected to provide a definite clue as to whether a European federation on the lines of the 48 American states is feasible.

One is the hesitancy of Great Britain's Labor government to commit itself formally in support of the plan despite a fervent appeal from Winston Churchill, one of its leading protagonists.

The other is the evolution of a plan by which Soviet Russia and her satellite nations eventually may be induced to throw off their cloak of isolation and participate in the interests of peace and understanding, the conference probably will studiously avoid the appearance of setting itself up as a "Western Bloc" although that is the interpretation which Moscow undoubtedly will place upon it.

Like French Conferences  
 In this regard, the meeting will follow the example of the recent Brussels conference when Great Britain and France, together with the benighted nations of Belgium, Holland and Luxembourg achieved military, political and cultural unity but insisted that the door was open for participation by other nations.

Backers of the United States of Europe proposal are convinced that

this five-power agreement, by which Belgium and Holland abandoned traditional neutrality for the ostensible purpose of preventing another German war, is the logical precursor of a federate Europe.

They believe also that the United Nations, despite its undoubted difficulties, affords proof that cooperating among nations is possible on a broad scale.

They point to the fact that bitter security council battles and sharp exchanges of opinion on matters such as Palestine, the world organization is functioning with marked success in fields such as culture, health and rehabilitation.

May Be Less Oratory  
 According to advance indications, the Interlaken meetings may be less of an oratorical affair than some of its predecessors.

The United States of Europe backers feel that the time has come (Continued on Next Page)

## The Parent Problem

By Garry C. Myers, Ph. D.

## SCOLDING AND GRAMMATICAL ERRORS

A frequent source of irritation between child and parent is the grammatical errors made by the child as he speaks. Usually it is the parent who is annoyed first over these errors by the child.

Then while angry, the parent inclines to correct the child rebukingly, when nearly always the youngster is vexed over the correction. And when he is, he is the more disposed to repeat the same error later.

As a child involved is over five and under fifteen. Even at twelve or thirteen, many a child longs to cultivate correct speech. He may even be critical of adults, including his parents, who make grammatical mistakes. And when a youngster attempts to correct his parent's grammar serious parent-child conflicts may arise.

Parent may feel deeply humiliated, angry or both. But tragedies may occur when the parent born abroad has never thoroughly mastered the English language. If, as sometimes happens, the child takes a domineering attitude toward the parent great harm to personality and character of the youngster may follow.

Husband-Wife Relationship  
 Harm may also come to husband-wife relationships, if one spouse should criticize the other's grammar, especially if it is the husband who is corrected (since he may still be steeped in the myth of masculine superiority).

Parents who use correct English themselves, have good times with their growing children and are greatly esteemed by these children need have little or no concern about these youngsters' grammar.

When these children reach the age of ten or twelve, wishing so much to appear to be grown-up, will choose to cultivate their own grammar.

Friends Might Disapprove  
 Parents annoyed by the child from about six to twelve, on hearing him make certain grammatical errors over and over are so annoyed chiefly because they fear that their adult friends might disapprove these parents or even suppose these parents speak no better English themselves.

If you must do something about your child's bad grammar choose the matter to his attention. Don't interrupt him and correct him anytime, anywhere, especially when strangers or his friends are present. And be sure you don't scold or whine the correction or betray any anger at him then.

In some families where all are chummy and companionable, talking over these matters leisurely can be wholesome.

Some years ago I collected several (Continued on Next Page)

## Hints On Etiquette

If you move into an apartment building with a number of other families living in it, it is customary to simply say "good morning" or "good day" when you meet them, until you get to know them better and can chat.

As much as we disagree with Henry Wallace and the ideals that he stands for, we must say that the treatment that he is now receiving in the South is not American. Every person has a right to free speech. . . If the people in the south or anyplace else in the United States don't want to hear Henry and his spiel . . . they all can stay inside their homes . . . or walk down another street . . . turn off their radios or tune to another station. Throwing eggs, tomatoes and banana splits is not the American way . . . making a martyr of the man is exactly what he wants . . . so if you have any influence with friends in the south or anyplace that might act that way . . . toward any candidate for office . . . remind them that this is America where we are doing our best to retain the freedoms that our forefathers fought so hard for . . . There's no rule stating that you must associate with a person with whom you disagree . . . and that means work or play.

There can't be too much talk about safety . . . on the highway, in the home, in the schools or in the factories. Right now there should be plenty of thought . . . family discussions on Highway Safety. Thousands upon thousands of folks will head the family car into the stream of traffic that will fill each highway this coming week-end. This being the last BIG week-end of the 1948 summer season. Lakes will be filled, picnic places will be overrun . . . if the weather is anything but a snow storm. Remember that a few minutes delay might mean that you will arrive on your own power instead of in the back end of a hearse. Let's see if the undertaker can't enjoy his week-end too . . . and we mean without working . . . really he won't mind. Your time for him will come soon enough if the natural course of life is followed.

For three months now . . . several rolls of wire fencing have been laying about in the playground of the Highland Avenue School . . . there will be fence making the next few days if they will be in place by the time school bells ring next week . . . or maybe they have been placed there for the students to use as hoops . . . rather large but possible with the energy that most grade school children have.

WASHINGTON, Sept. 1.—The question of whether a lie detector should be used in the House Un-American Activities committee spy probe brought out the fact that employs at the top-secret Oak Ridge, Tenn., atomic plant are screened through this device.

This disclosure by Leonard Keeler, inventor of the lie-detector known as a polygraph to the profession—was the first intimation that the device has been used in the atomic program.

Keeler revealed that the polygraph has been used for the past two years at the Oak Ridge installation.

In a letter to Rep. Richard M. Nixon (R), California, a committeeman, Keeler said that everyone connected with the final products area of the plant is screened before being admitted to the building and at the termination of employment.

Keeler cited the use of the lie detector in probing loyalty of atomic workers as an example of the effectiveness of the polygraph.

Nixon made Keeler's letter public when it was announced that Alger Hiss, the accused ex-diplomat, had refused to submit to a lie detector test.

Russia's Bombers—And Her Jets  
 Competent authorities disagree over Russia's production of big bombers, but all agree that the Soviets are building jet fighters twice as fast as the United States.

The authorities agree that Russia has capacity to build 40,000 planes a year and is turning out about 200 jet fighters a month.

On source declares the USSR

Will build 1,000 B-29 type bombers this year, while an authority of equal competence states that the Russians will come nowhere near this mark because they are going all out on fighters.

Behind the intensive fighter building program is the Kremlin's desire to bring the broad expanses of its land under protection of impenetrable ring of interceptor planes. An extensive radar network is also being thrown up to detect any surprise attack.

Widely-circulated is the theory that Russia's plane factories are hidden securely behind the Urals in Siberia. Military intelligence does not think so. It is convinced that since the war the bulk of Soviet industry has been reassembled in the Moscow area.

If this is true, this key industry is extremely vulnerable to bomb attack such as destroyed the concentrated German industries.

Another apparent Russian air power weakness is reflected in its large purchases of engines and parts outside the country. This stems from the Soviets' inability to develop a metal strong enough to withstand the terrific heat generated by modern plane engines.

Spy Probe Sidetracks—Whitcomb Chambers, one of two star informants in the amazing House espionage investigation, made a good impression on probers in his initial secret testimony.

A member of the House Un-American Activities committee said that Chambers answered instantly when asked such questions as: "What is the first name of Mrs. Washington?" "What is the shape of Hiss' living room?" "Did Hiss have a hobby?"

Hiss is a former member of the diplomatic service accused by Chambers of having been an alleged Communist agent.

Probers sought to test the credulity of Chambers' story by asking him rapid-fire questions about events of 1934 and 1935. His machine-gun answers made the committee feel he knew what he was talking about.

Incidentally, it was the "opposition" Newsweek magazine from which Time editor Chambers read at his face-to-face encounter with Hiss, who had asked to hear Chambers' voice.

Elizabeth Bentley, the other star informant, is also said to have ready answers for probers.

Miss Bentley is a woman whose age would be hard to estimate. The Communist spy gave it as 40. She dresses youthfully and never wears a hat on her Auburn hair. Wherever she goes, two stolid plainclothesmen go too.

Unlike Chambers, who has remained close to his New York office, Miss Bentley is giving all her time to spy probers and is daily in and out of the committee offices.

At the moment the president has some 300 speeches scheduled for his campaign . . . and if that doesn't do it he'll make 300 more.

## Washington Calling

(By Marquis Childs)

## Third Party Strength Dips

LOS ANGELES, Sept. 1.—With the possible exception of New York, this is the state in which the Wallace Progressive party had expected to poll the largest proportionate vote of any state.

Discenters, malcontents, radicals, wispy apostles, strange religious have been attracted by the brilliant sun and high coloring of the Pacific slope. From this fringe the Wallace-Taylor ticket would draw a vote that might determine the outcome between the two major parties in California.

That was the belief three months ago.

But there has been a steady decline in third-party strength according to most observers. Even third-party officials modified their claims, which are today somewhat less extravagant, ranging up to 1,300,000 votes of a total that may reach 4,000,000.

This compares with an estimate of 250,000 to 350,000, which is the figure used today by professional estimators. A few impartial observers would put it as high as 500,000.

Warren Is Strong  
 There are several obvious reasons why the Wallace strength should be declining here. The first and most obvious one is the pulling power of Gov. Earl Warren on the Republican ticket.

That pulling power promises to roll up a Republican vote that will blank both Democratic and Progressive tickets. The Democrats are disorganized by internal feuds and the sentiment for President Truman as a candidate is, to put it politely, lukewarm.

The new chairman of the Democratic state central committee, State Senator Oliver Carter, made it clear the other day that congressional candidates would not be required to support the national ticket actively. Only if they backed Henry Wallace and attached Truman would they be disciplined.

This is especially significant since two Democratic candidates, Ellis Patterson and Ned Healy, both former congressmen, have the nomination also of the Progressive party under California's weird system of cross-filing. Presumably, if they stay neutral with regard to the national ticket, they will get as much help as those candidates who refused to file for the Progressive nomination.

Carter May Aid Democrats  
 In trying to build back the Democrats have made a good start in selecting Carter, a younger man widely respected for his ability and integrity. He succeeds James Roosevelt, who alienated almost everyone in the party by his antics just before and during the Philadelphia convention.

The Democrats have recovered somewhat from the low point of three months ago. Fewer Democrats will stay home on election day, and the defections to Wallace are believed to have fallen off.

The Red scare loudly trumpeted in most of California's metropolitan newspapers is another reason for the decline of the third party. Reports of Communist domination and management in the Wallace party have had an effect.

Here, however, you get on doubtful ground. The Wallaces profess to believe that a large silent protest vote will express itself in the privacy of the polling booth.

They say that people who are afraid to voice their opinions because of the current hysteria will not be afraid to put their X in the third-party column. They may be right, and the size of the Wallace vote could surprise the observers.

Incidentally, it was the "opposition" Newsweek magazine from which Time editor Chambers read at his face-to-face encounter with Hiss, who had asked to hear Chambers' voice.

## Schools To Open On Thursday At New Wilmington

About 230 Pupils To Enroll; One  
New Teacher Named;  
Town News

(Special To The News)

NEW WILMINGTON, Sept. 1.—Preparations are complete for the opening of local schools Thursday morning, according to Walter Whitman, supervising principal. One teaching position, that of home economics, is unfilled. However, there is a candidate for the position and definite action is expected within the next several days.

The school building was thoroughly cleaned during the summer by Custodian Henry Evans and his assistant. New flooring was placed in several rooms.

About 230 pupils are expected to enroll in the junior-senior high school with about 125 students in the grades. About 25 new grade students are expected from Wilmington township, Mercer county.

Mrs. Helen Bair of Sharon, a math teacher, is the only new teacher. She is a graduate of Westminster college.

Mr. Whitman announces the following assignment of teachers: Junior-senior High—Miss Helen Dunn, commercial; Mrs. N. A. Mack, music; Miss Marjorie Gilliland, geography and English; Robert Eagleson, history and physical education; Jacob Bumgardner, vocational; Mrs. Janet Eagleson, French and English; Miss Elizabeth McCallum, Latin and English; Russell Epler, science. Grades—Mrs. Caroline Skillen, one; Miss Ann Ewalt, two; Mrs. Mary Quimby, three and four; Mrs. Hazel Wilson, five and six.

### KIWANIS MEETING

Colored movies of his recent trip to California, were shown by Griff Williams at Monday night's meeting of the Kiwanis club at the Methodist church. The movies covered the trip to Los Angeles. Movies of the convention and the trip home will be shown at a later date.

E. D. Robinson was accepted as a new member and Roland Robinson was a guest.

The following program for September was announced: 6, "Psychological Testing and Measuring"; J. I. Reaney; 13, music program arranged by Walter Shaffer; 20, "Soil Conservation"; Logan Buckwalter, and 27, "Suspension Springs"; Fred Rowland.

### DRAFT REGISTRATION

Registration of young men for the draft was slow Monday but brisk Tuesday, according to Walter Whitman, supervising principal of schools. Mr. Whitman was assisted the first two days by Jacob Bumgardner.

Mr. Whitman states that he and other teachers will be able to handle the registering until school starts Thursday. He is hoping for volunteer assistance. The registering continues through September 18.

eral hundred statements often written or uttered ungrammatically. Writing down each statement in wrong form and in correct form on slips of paper and shuffling the slips I made up a list. Then all the statements were read in mixed-up order to a few thousand students from the junior high school through college, each student checking every statement right or wrong on a key sheet.

From the results I prepared a chart, giving the right and the wrong way for 63 statements most often used wrong by these students. Incorporating these statements in a bulletin, "Common Grammatical Mistakes by Parents and Children," to be had in a stamped envelope by writing me at 235 East 45th street, New York, N. Y.

Those who favor a common tongue probably will voice their suggestions also, but experience has shown the virtual impossibility of eradicating European Nationalism to this extreme degree.

Most important is the fact that the men and women gathered at Interlaken resent being looked upon as idealists, dreamers or pacifists. They feel that they have found a practical approach to a thorny problem which bristles with grim reality.

### A BIG BITE

Butch likes to take a big bite of a good apple. He must have good teeth to chew his food properly. Sometimes children's teeth are neglected. They are allowed to decay until they are clear gone.

A good many parents seem to think that the baby teeth or first set are not very important. They do not pay attention to them. They say that they will come out pretty soon so why bother.

Dentists and doctors say this attitude is all wrong. They insist that the baby teeth should receive just as good care as the second or permanent teeth.

We do not know how to prevent tooth decay. Cavities show up in spite of all our trouble. Our only hope is to repair them as soon as possible.

Mom should give the once over to Polly's teeth every day. A pin point cavity should mean a trip to the dentist. He will probably find some others which Mom did not see.

In later years Polly will be glad that her teeth were so well cared for.

## Stress Careful Labor Day Driving

HARRISBURG, Sept. 1.—(INS) State police headquarters today urged all Labor Day week-end travelers exercise "plain horse-sense" on highways during the holiday.

All available State police will be assigned to traffic duty, according to Commissioner C. M. Wilhelm, to prevent recurrence of the 15 fatalities on Pennsylvania rural roads during the 1947 Labor Day week-end.

"We hope that all drivers and pedestrians will take full advantage of skill, good judgment and mechanically sound automobiles to prevent tragedy during this week-end," he said.

Order Today

HARRISBURG, Sept. 1.—(INS) —Retail milk prices went up one and a half cents to 22 cents a quart in the 13-county Pittsburgh market under a milk control commission order which became effective today.

Prices received by farmers went up 40 cents a hundredweight to \$6.03 under the directive threatened with a consumer-supported appeal to the state supreme court. Coffee cream jumped a cent a half pint while two cents each was added to the minimum retail rates for whipping cream and medium thick cream.

### Appeal Threatened

The unprecedented appeal was threatened by Albert D. Brandon, assistant Pittsburgh solicitor who represented Pittsburgh consumers at MCC hearings during the direction of Mayor David L. Lawrence. He has 20 days in which to file the appeal.

No other protests have been hinted against either the Pittsburgh order or rulings making identical rate boosts in 12 other milk markets effective August 20, according to the commission.

The Pittsburgh marketing area embraces all or parts of Allegheny, Armstrong, Beaver, Butler, Clarion, Crawford, Fayette, Greene, Washington and Westmoreland, Lawrence, Mercer, Venango and counties.

In Other Areas  
Effective September 6, the retail price of milk will be 21½ cents a quart in Cameron, Elk, Forest, Jefferson, McKean and Warren counties, according to the MCC. The boost was effected by switching the counties from the statewide area to the Johnstown-Altoona area.

An 18 cents a quart price has prevailed in the statewide area since 1946 but many dealers added one or two cents to the price.

## Seventh Ward Reading School For Coming Term

Mahoning School Rooms Look Spic And Span; New Boilers Installed in Heating Plant

It can be observed around Mahoning school that the resumption of the fall term of school is in the offing. The janitors and their assistants have been working steadily to have everything looking spic and span for the youngsters and the faculty when studies will be resumed next week.

Work on the installation of the three boilers in the heating plant is proceeding nicely, also the brickwork for the asphalt adjoining. The smokestack, injured by a storm this summer, has been razed almost to the roof for over a week, and the material for rebuilding is on the ground.

## Davis Class Will Picnic At Cascade

Members of the Davis Bible class of the Mahoning Methodist church will have their annual picnic on Thursday afternoon at Cascade park.

A basket picnic supper will be served in the grove at 6 o'clock. Families of members will be special guests.

Committee in charge of arrangements is Mrs. Ray Tanner, Mrs. Milton Watts and Mrs. Henry T. Hamilton.

## Friends, Relatives Honor Anniversary

At the home of Mr. and Mrs. Joseph Conti, 316 West Cherry street, a group of friends and relatives gathered on Monday evening. The event was in honor of the birthday anniversary of Mr. Conti. Card games were the diversion of the evening, also reminiscing.

A delicious lunch was served by the daughters, Miss Viola Conti and Mrs. Ida Prosser. A lovely birthday cake and beautiful flowers graced the table.

The honored guest received many nice gifts.

## SEVENTH WARD NOTES

Pete Grope of North Liberty street, Pop Winter of Petersburg, O., and Al McDowell of Mt. Jackson have returned from Buckhorn Lake, Canada. They were gone for over a week, and report enjoying some splendid fishing. They landed quite a lot of small mouthed bass.

Mr. and Mrs. Chris Antoline and daughter Lorraine of Monaca have returned after visiting with Mrs. Antoline's parents, Mr. and Mrs. G. Don Bailey of Darlington avenue.

We noticed in one of the gardens to the rear of the 300 block of North Cedar street, several eastern bean plants well developed, with splendid large leaves.

Mr. and Mrs. J. E. McCann of 912 West Clayton street have returned from Cameron, Va., where they visited with the latter's mother, Mrs. C. M. Todd, whose condition remains about the same.

**WEDDING IN OHIO  
 OF INTEREST HERE**

At a candlelight wedding in the United Presbyterian church of Wooster, O., Miss Dorothy Lytle, of Wooster, became the bride of Howard E. Hollingsworth, son of Mr. and Mrs. Joseph Ryan, of McDonald, O., on Saturday evening, August 21. Rev. M. McGrath, an uncle of the bride, performed the ceremony at 7:30 o'clock.

Miss Pauline Lytle attended her sister as maid of honor and Kenneth Fobes served the groom as best man, Paul Lytle and Wallace Lytle ushered.

Mr. and Mrs. Hollingsworth left, after a reception in the home of the bride's parents, on a motor trip to Chicago and upon their return will reside in their newly furnished apartment in Wooster.

Mrs. Hollingsworth is employed in the office of the Gerstengrader Mfg. Co. in Wooster and Mr. Hollingsworth, a graduate of McDonald high school and a veteran of World War II, is employed as an engraver in a jewelry store in Canton, O. Prior to moving to McDonald, he made his home in New Castle where his family resided for a number of years.

## Night Blooming Cereus On Display

Mrs. Fred Tubbs, of 15 Round street, and her daughter, Melvina, show the blooms of a Night Blooming Cereus plant that caused much interest a few evenings ago. The News carried a story on this plant in the Tuesday edition, and the picture is being printed to show, those who were not able to see the plant, how large and full the plant is. The plant is 15 years old and had seven out of eight buds blooming at one time.

## SOCIETY & Clubs

### RUBY CLARK ARBLE FETED BY PUPILS

Mrs. C. E. Arble, nee Miss Ruby Clark, former teacher of Mahoning school, was honored August 23, when her pupils of that building gathered at Cascade park. A bountiful dinner was served in the grove with places being arranged for 105, including former students and their families.

Colorful corsages were presented in behalf of the group to Mrs. Florence Mullen, general chairlady of arrangement, and to Mrs. Arble who also received lovely flowers, sent by Harold Hill, Washington, D. C., and gifts from the group. Letters from a number of others were read.

The reunion will be a yearly event the last Saturday of August at Cascade park. Mrs. Mullen, who was named president, will appoint committees.

Gifts, given by Mrs. Jane Cochran, were presented to Winfield Swanton, New York City, who came the greatest distance, and to Mrs. Edith Clark Hares for the largest family. A door prize, given by Mrs. Alice Swanton Phillips.

Guests from a distance in addition to Mr. Swanton follow: Mrs. Mabel Wharton Garlick, North Lima, O.; Mrs. Alice Swanton Phillips of Lewistown, N. Y.; Mrs. Emma Swanton Dibley, Niagara Falls, N. Y.; Thomas Lynch, John Leighty and Mrs. Lucille Thomas Leighty, all of Erie; James B. McAuley and family and Mrs. Mae Park King, all of Cleveland, O.; Mrs. Alicia McAuley Kramer, Ingram, Pa.; Mrs. Marjorie Frew Mahan, Mrs. Mamie McAuley Lutsch and Miss Harriet E. McAuley, all of Pittsburgh, Pa.; Mr. and Mrs. Charles Park, Butler; Mrs. Iona Swanton Jones, Scruburn, O.; Mrs. Anna Lyden Gulinski and daughter Juliann, Ambridge; Mr. and Mrs. Jesse Widdell, Barberston, O., and Ralph Thomas, Toledo, O., Mr. and Mrs. Harry Wylie, Enon Valley, and Clair Arble, brother-in-law, sister, and son respectively of the honoree, were also present.

Various chairmen who with their committees aided Mrs. Mullen follow: table, Mrs. Omar Mauch; registration, Mrs. Maurice Boyd; finance, Mrs. Gladys Smith, and coffee, Mrs. Harry Krepps.

### DOROTHY WEAVER FETED AT SHOWER

Mrs. Andrew Kirof, of Pennsylvania avenue, entertained a large group of friends in her home on a recent evening at a shower in honor of her sister, Miss Dorothy Jean Weaver, bride-elect of this month.

Bingo was the chief diversion of the evening, with prizes going to Mrs. Julia Lubinski, Mrs. Frances Zuzano, Mrs. Rose Weaver, Mrs. Jane Weaver, Mrs. Mary Belcher, Mrs. Ann Fair and Mrs. Marchoer. The door prize was won by Miss Marjorie Dietrich.

The honoree was showered with many lovely and useful gifts. A delicious lunch was served by the hostess, assisted by her mother, Mrs. Michael Weaver.

Miss Weaver, daughter of Mr. and Mrs. Michael J. Weaver, of 1316 1/2 Pennsylvania avenue, will become the bride of Theodore F. Kurdupski, son of Mr. and Mrs. Joseph Kurdupski, of 31 W. Miller avenue, at an open church wedding, 10 a. m., Monday, September 6, in St. Joseph church.

Miss Weaver has chosen Miss Emma Jean Retzer as maid of honor and Miss Jane Czackoski, as bridesmaid.

The prospective groom has asked Sherman Miles to be best man and Ted Sczygawski to usher.

### SHOWER FOR FRIDAY BRIDE-ELECT GIVEN

Miss Joanne Rapon was the guest of honor at a shower given jointly by her sisters, Miss Marjorie Rapon and Mrs. Dale Weisbaker, at the former's home, 916 Beckford street, Tuesday evening. Games were a diversion during

the evening and the honoree opened an array of gifts presented to her in a large umbrella decorated in pink and aqua.

When guests took places at the table where a lunch was served later they found miniature pink and aqua parasol place favors announcing the date, September 3, when Miss Rapon will be married.

The bride-elect is the daughter of Mr. and Mrs. Gurt W. Rapon, of 916 Beckford street, and her fiancé is Harry Donley, son of Mr. and Mrs. William A. Donley, of Gardner Stop.

The wedding will be solemnized in the Third U. P. church Friday afternoon with the immediate families present.

**Ritz Club Picnic**  
 Approximately 50 members of the Ritz club members' families enjoyed their recent picnic at Cascade Park, in Shelters Nos. 5 and 6. At noon a full course chicken and ravioli dinner was served to members and guests.

In the afternoon, games and races were featured for the children. Prizes were captured by Buddy Farone, John and James Panella, Jane Panella.

Special guests attending were: Mr. and Mrs. Chester Krupa, Mr. and Mrs. Carl Belasco, Mr. and Mrs. Anthony "Buzzy" Panella, Mr. and Mrs. John Panella.

In the evening a corn and wiener roast were held. The affair proved one of the most enjoyable by the club and families, and the next club meeting with Mrs. Fred Farone, Center street, was announced for September 16.

## STOCK MARKET TREND UPWARD

Gains Are Reported in New York  
Stock Market Trading  
Today

NEW YORK, Sept. 1.—(INS)—Gains of a point or more were marked up in forenoon stock market trading today.

Volume did not pick up much, totaling only 170,000 shares in the first hour, but thin market conditions helped widen the run-up. Steels, motors and rails paced the rise. Santa Fe touched a new high on a 2 point jump to 120. Southern Pacific added more than a point. Bethlehem Steel, Chrysler and U. S. Steel rose a point each.

Du Pont, U. S. Rubber, International Nickel, Anaconda and Standard Oil of N. J. were stronger. Union Pacific converted a starting 1/4 loss to a gain.

Bonds and Curb shares strengthened in line with Big Board action. Cotton futures advanced 10c to 20c a bale in early deals. Grains were quiet and firm.

## Plan Reception For Rev. Calvin Rose in London

Will Be Entertained By Reese  
Davies On Terrace Of House  
Of Commons

Rev. J. Calvin Rose, pastor of the Second U.P. church, who is due to arrive in London shortly, on his way home from a tour of Europe, will be signally honored there, through the interest of Rev. Thomas J. Jones, pastor of the First Congregational church. He will be tendered a reception on the Terrace of the House of Commons in London, arranged by Reese Davies, a member of the House from the Manchester district, who is a personal friend of Rev. Jones.

Mr. Davies spoke in New Castle a few years ago, while making a tour of the United States, and was entertained at the home of Rev. Jones. When the latter learned that Rev. Rose would be in London, he asked Mr. Davies to entertain Rev. Rose there, and Rev. Jones just received a letter by air mail, stating that he had arranged the reception for Rev. Rose, when he came to London.

## Local Girl Gets Opti-Mrs. Award

Scholarship Of \$100 Used By Local  
Girl In Study Of Nursing  
Starting Today

The New Castle Hospital School of Nursing faculty has announced that Miss Dolly Miller of R. D. 6, who will enter the school of nursing today, has been awarded the scholarship of one hundred dollars offered by the Opti-Mrs. Club of New Castle.

The faculty committee on scholarships considered many factors in determining the eligibility of the prospective student for this award. Those students who applied for the scholarship were considered.

The Opti-Mrs. Club in offering an annual scholarship has entered the ranks of organizations participating in the nationwide program of obtaining more nurses to care for the people of the nation.

## Man Nearly 100 Was At Sesqui In Grove City

GROVE CITY, Sept. 1.—A tabulation disclosed William Nicklin, 99, of Jackson Center was the oldest "old-timer" back for Grove City's Sesqui-Centennial and Smith A. Mayers, 98, former postmaster, was the oldest resident to register.

More than 300 of the old folks registered personally. Those coming the greatest distance for the fest were Myra Post Allhouse and Frances Post Ross, of Tucson, Ariz.

Crews still worked Tuesday cleaning up the debris of the week's program, which was climaxed by a 90-minute parade of 50 floats and six bands before 50,000. The George Junior Republic's "Men in Silver" float of living models was judged the most unique.

## Mercer County Girl Is Nearly Scalped

MERCER, Sept. 1.—A long braid of hair Monday nearly cost Elizabeth Reno, 15, daughter of Mr. and Mrs. Wilbur Reno, R. D. 8, Sharpsville, her scalp.

Authorities at Mercer Cottage hospital said the girl's braid became tangled in a digger operated by her father on their farm. The pigtail and a large portion of hair were torn out, leaving severe head and neck lacerations.

## Airport Receipts Are Not Large Is Moore's Report

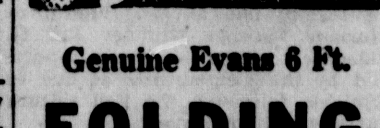

County of Lawrence Commission-ers having assessed the New Castle Airport, which the city of New Castle owns, at \$50 an acre brings out the fact that the city during the years 1943-1947, inclusive, has only realized an average of only \$680.40 a year from a one per cent rental.

City Controller William A. Moore today provided the receipts received by the city as follows: 1943, \$80.97; 1944, \$1,335.33; 1945, \$218.73; 1946, \$425.37; and 1947, \$520.67.

In 1944 training for the Air Force was conducted there which accounted for the \$1,335.

## Father Is Held In Slaying Of Son

ERIE, Pa., Sept. 1.—(INS)—Ralph J. Hoge, 28-year-old Harbor Creek iceman, today had been indicted for murder in the "belt slaying" of his six-year-old son. Hoge allegedly beat the boy, John Sherwin Hoge, on May 30,

with an army web belt because the boy did not tell him where he had hidden a toy hammer. The grand jury returned the indictment yesterday after county authorities said Hoge hit his son 83 times with the belt in a 20-minute period.

The hickory tree is strictly North American and the name comes from the Indian Carya or Hicoria. Some are now grown in Europe for their valuable timber.

# Mercer County Woman Outlines State Battle On Juvenile Delinquency

By MRS. JEANETTE M. DYE  
Republican State Representative,  
Mercer County  
(Written Exclusively for N. C.)

MERCER, Pa., Sept. 1.—We spend millions of dollars annually in an attempt to reduce juvenile delinquency, but we do not realize that the job of cutting down the army of delinquents and potential criminals calls for action on a front almost as broad as society itself. That's one reason the Joint State Government Commission's Juvenile Delinquency Committee, of which I am chairman, is happy to make recommendations which, if adopted by the commission and then passed by the 1949 State Legislature, should give Pennsylvania its first step in fighting delinquency.

We suggest setting up a youth authority in the state. The plan was worked out by American Law Institute after years of study, California, where it was first adopted in 1941, found it so successful that in 1944 Gov. Warren called a special session of legislature to establish an adult authority. Since then Minnesota, Wisconsin and Massachusetts have adopted similar plans.

Will Cost Money  
It will cost money, but that would be only small change in comparison to the bill we now pay for crime. I believe this over-all program is the only answer to rehabilitate the kinds who can be salvaged, and to protect society from the dangerous ones.

Everywhere and every place the committee found alarm and deep concern. We learned the rate of delinquency has decreased since the war, but is higher than in pre-war years.

There is no short cut to control and no cure-all for delinquency.

There is no sulphur-drug which can be given to our children to cure them of their mal-adjustments. We

found that, generally speaking, cause of delinquency falls under two classifications: predisposing causes, such as mental deficiency, retardation and imbalance, physical ill, adolescent age; and precipitating causes, such as inadequacy of parents, broken homes, sub-standard and housing, lack of recreational facilities and poor law enforcement.

Stream of New Agencies  
During the past century, we have seen emerge a stream of new agencies and procedures for the control of delinquency, yet as indispensable as have been each of these efforts, including industrial schools, probation, parole, family welfare agencies, settlement houses, boys' clubs and big brother movements, our prison population has grown seven times as fast as our national population.

Our penitentiaries are filled with repeaters who started as delinquent children. No matter how desirable these agencies may be they are not of themselves good enough. The effectiveness of such agencies and measures depends on team-work and upon intelligent leadership based on the view of the whole problem. Logically, the duty of providing leadership falls on the state.

Accordingly, we believe Pennsylvania should establish a youth authority to consist of three full-time members. Rescue of children who already have become delinquents constitutes one front of action, for a great number of child offenders it is necessary that work be done in the home communities—detection, arrest, and treatment.

A small number of more serious delinquents are committed to the state by the court. The youth authority must act here to keep down the cost. It must improve our method of handling these children so as to rehabilitate a large portion and to prevent them from going on to criminal careers.

Three Major Steps  
The child will not be committed to an institution but will become the care of the authority. The authority will take the child through three major steps:

1. Diagnosis, to determine why a child is delinquent.
2. Treatment and training, to overcome fatal defects of present training schools which are mass custody institutions. The diagnostic clinics would assign the children to different institutions where they would not be thrown into contact with those more dangerous.
3. Re-establishment in community. If this is not properly handled, all other steps will be wasted. A youth authority takes no power

away from courts, but does provide a better job of reclaiming children and protecting the public. It will provide a survey team. Including specialists in police work with children, in school guidance and attendance problems, in recreation, social work, and in community organization for co-ordination of efforts and agencies. This team would be available to all cities, boroughs and townships. Child guidance clinics under the Department of Public Instruction also are suggested since the teachers often are the first to observe a child of abnormal personality or habit. If the child can be sent to the proper place for intelligent study, much delinquency could be prevented.

## Some Disabled Veterans To Get Larger Allowance

PHILADELPHIA, Sept. 1.—(UPI)—Veterans with service-connected disabilities rated at 60 per cent or more will receive additional allowances for dependents under the terms of a new law which becomes effective on September 1, Veterans Administration announced.

Eligible for the increases are veterans of any war or peacetime service in the armed forces, who have service-connected disabilities of 60 per cent or more, and who have one or more dependents.

Application for this additional compensation should be made in writing by the veteran to the nearest Veterans Administration office. Evidence of dependency and relationship should be furnished before December 1, 1948, so that the increase will be effective as of September 1.

Under previously-existing law, disability compensation was based upon the degree of disability, plus additional statutory awards for emphysema, blindness, etc., whether or not the veteran had dependents. Such veterans will continue to receive their regular compensation payments, to which will be added such additional amounts as they may be entitled to for dependents under the new law.

Veterans in training under Public Law 100-108 are not eligible for this dependency compensation during periods for which they receive increased compensation or subsistence allowances for dependents, except that they may claim to receive whatever is the higher amount.

#### 4-H CLUB AT ROUND-UP

The annual 4-H club County Round-up was held Friday at the Epworth church in New Castle. The local Jolly Workers club of homemakers assistants came home with honors. Those who attended and won blue ribbons for their year's work were: Marilyn Brown, Jane Ann Wallace, Shirley Hepler, Nancy Weingard, Janice Boughman and Dorothy Brown. Others who attended and had done fair work were: Joyce Grunwald and Barbara Moorhouse.

The local club made beautiful coronas for all the county leaders and a "special" for Miss Emmeline Mehlman. Miss Mary Grunwald, Mrs. Paul Brown and Mrs. Wylie Wallace attended as adult leaders from here.

#### RECEPTION AT COTTAGE

Mr. and Mrs. Jack Daugherty entertained several couples from here at the Rents cottage on the Slippery Rock creek on Friday evening. The time was spent socially. Mrs. Daugherty was presented with a shower of handkerchiefs for her birthday. Lunch was served at a reasonable hour. The birthday cake was the gift of Mrs. Rents.

#### ELEVENTH BIRTHDAY

On Monday, August 23, Miss Erma Rowan entertained the members of her Sunday school class to help her celebrate her eleventh birthday. The hours from two to four were spent playing games, with prizes being awarded to Miss Donna Monn and Miss Judy Boughman. A lovely array of gifts was presented to Miss Rowan. A delicious lunch was served by Mrs. Gresh and Mrs. Otto Geist.

#### JUVENILE GRANGE

Members of the Juvenile Grange spent Monday at Cascade Park where they enjoyed their annual picnic. Thirteen attended. They were accompanied by Mrs. Otto Geist and Miss Maxine Hollerman.

## Color Of Your Car May Give Hint Of Your Character

BALTIMORE, Sept. 1.—The color you choose for your car gives an inkling of your character, a nationwide survey made by three automobile associations purports to show. That is, if you're lucky enough to be able to decide what color car you want.

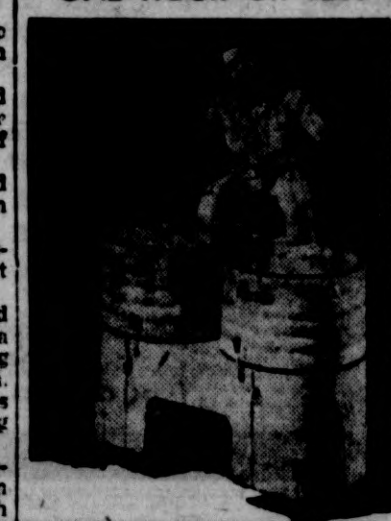

According to the color poll, "intellectual people prefer blue; athletes, red; egotists, yellow, and extroverts, orange."

The poll was conducted by members of the Used Car Dealers Association, the Automobile Manufacturers Association and the National Automobile Dealers Association. The survey also shows that color preferences vary by regions. In the southwest, vivid colors are preferred. On the Pacific coast, light pastel tints are chosen. In New England, subdued blues, maroons, greens and grays are favorites.

Russia, the largest country in the world, occupies nearly half the total area of Europe and the whole northern portion of Asia.

## End Outside Registrations

Special Registration Of Voters Is Brought To A Close For Year

## OTHER NEWS OF COURT HOUSE HILL

Special registration of voters for the general election on November 2 ended today, with the registrations in the second ward. In some districts there were a large number of voters who took advantage of the opportunity, especially in Ellwood City, where a spirited contest is on for state Senate, but in other districts hardly paid the registrars to go out.

In the fifth ward on Monday there were 19 voters registered, of which number 13 were Republicans and six Democrats, with one registering Prohibition.

Almost the same number was registered at the Registration Bureau in the court house, 11 Republicans and six Democrats being registered.

Last week, including the special registrations, only 97 voters in all registered, a far cry from the excitement in 1944 and 1946, when several thousand were registered in the last few weeks before the election. Of those registering last week, 74 were Republicans and 23 were Democrats, with one Prohibitionist being noted.

Persons eligible to vote are reminded that September 11, just 10 days away, is the last day on which they may qualify to vote, and if they are not registered they had better do so at once.

## MARRIAGES FOR YEAR FEWER

In spite of the fact that there

seems to be a mild flurry in the marriage license business in the office of Prothonotary John A. Edgar, due perhaps to the fact that married men will be exempt from service in the peace time selective service plans, figures reveal that fewer licenses have been issued this year than last.

In 1947, from January 1 to September 1, a total of 1,019 licenses were issued, while this year only 913 have been applied for, a shrinkage of 107.

The total for 1947 for the year was 1,522, which means that 610 will have to be issued in the next four months if 1948's figures are to equal it.

## Around Hollywood

By SUE BRIGHAM  
(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 1.—(INS)—Bob Peters, New York producer, has moved out to Hollywood bag and baggage and is all set to produce his first movie. He proved he's no novice by securing a gal who can help him put over his venture—Jane Russell.

The movie will be called "Montana Belle", and Jane, who is already built up, will be built up anew with the re-release of "The Outlaw", which Hughes plans.

Very Wealthy  
Peters, who is a very wealthy man, is a friend of another loaded tent, Horace Schmidlapp. He's up for six pix at Republic—and if everything goes along all right,

Schmidlapp (Carole Landis' ex) will move in.

The boys are currently looking at houses, passing up those of Lana Turner and Arline Judge.

WRONG PARTY  
Marilyn Maxwell is back from New York with a typical Hollywood story. Seems the blonde singer stayed in the apartment of her ex-husband, John Conte, who was well out of town.

But, says Marilyn: "It was embarrassing, as so many of his girl friends kept calling, and kept me busy explaining."

ALL MIXED UP  
But that housing shortage story doesn't compare with the one on the air forces general in Washington who took on a younger wife last year, before his Pentagon pals knew the old one was off.

So, one day when a call came to his office from a real estate office stating that an apartment was vacant and would Colonel (he was then) Bonard have his wife come down and sign the lease, his uniformed adjutant took the message.

And when the ex-wife called the office later that day, she was told about the apartment, went down, and signed up!

THINGS TO KNOW  
That the cast of "Little Women" was selected by the school girls of America. A questionnaire was sent out and MGM cast according to the results, even making brunette Elizabeth Taylor blonde because school girls thought she should be.

That Ginger Rogers is an accomplished sculptor, according to her studio? She has completed a bust of her mother, Mrs. Lela Rogers, and is now finishing one of her husband, Jack Briggs.

That Cyd Charisse is a dancer because of her health as a child? She was given dancing lessons to build her up!

That Esther Williams was a leader in all school activities when in high school except dramatics. She was valedictorian—but they refused her a part in the school play because they said she didn't have enough talent.

SILVER WEDDING ANNIVERSARY  
"Recently I celebrated my silver wedding anniversary with a party at a hotel. I received some nice gifts at home and in addition some were given to me at the party. I did not open the latter as I was told it was not in order to do so. I now find that I have been criticized for not opening these gifts when they were received. Will you settle this question as to whether I was right or wrong?"

Answer: Ordinarily gifts are opened when presented so that donors may be personally thanked at the time. But of course if there is a rule against doing so where you had your celebration, you did right in abiding by the rule.

Be sure to write a thank-you note to all donors, even to those whom you thanked personally.

Question: When the parents of an engaged girl are dead, is it all right for the groom's family to announce their impending marriage?

Answer: The announcement must come from the family of the prospective bride. If she has no parents, her nearest relative should assume this responsibility. Under no circumstances should the announcement come from the family of the prospective bridegroom.

Question: When should the wedding gift be sent to the bride?

Answer: As soon as possible after receipt of the invitation, and the invitation usually arrives about two weeks before the date set for the wedding.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

Astoria was the first white settlement in the Pacific northwest when fur trappers established a fort there in the early 1800's. This vast region became the Oregon territory in 1848 and today is composed of Oregon, Washington, Idaho, and portions of Wyoming and Montana.

## Army Song Contest Plans Announced

Misunderstandings On Contest Are Corrected; Prize Awards Made Public

FORT GEORGE G. MEADE, Md., Sept. 1.—Musically-inclined civilians and members of the armed forces in Western Pennsylvania will be interested in information correcting misunderstandings about the Army Song Contest recently announced by the Department of the Army.

Second Army Headquarters at Fort George G. Meade, Md., gave complete information bearing on the contest rules in view of the numerous inquiries that have been received there. In brief, the Army never has had a song that is adequate for all the ground forces and it believes that some musician will come across with such a composition.

A one thousand dollar (\$1,000) Security Savings Bond will be awarded the winner and suitable prizes for the four runners-up of the world-wide contest. Colonel E. C. Johnston, acting chief of Special Services, Department of the Army, stressed that all American civilians as well as members of the armed forces are eligible to

compete. Personnel of all services including the Air Force, Navy, Coast Guard and Marines may submit entries for the Army song.

Each civilian entrant should fill out an entry blank, Army Song Contest, DA AGO Form R-3664 which is available on request from the Special Services Officer at Second Army Headquarters, Fort George G. Meade, Md., or at any Army installation. Entries in the Army Song Contest must be submitted to the Army Headquarters above by December 15, 1948, addressed also to the Special Services Officer, Civilians residing in overseas theaters should send their entries to the overseas command headquarters in which they reside. Each entry must consist of words and music of a military character and range which can easily be used for marching and singing. Each entry must include a piano part (treble and bass clef). Lead sheets will be acceptable only if the chords are indicated.

The purpose of the contest is to discover a song worthy of becoming an overall Army song as differentiated from songs of the various arms or services such as infantry, artillery, etc. Entries will be judged on the basis of originality, melody and rhythmic appeal, fitness of lyrics and overall suitability of the song for general Army use.

Composers and authors of all winning entries will grant to the

Government of the United States, as represented by the Department of the Army, a nonexclusive royalty free license to the unlimited performing, playing, recording, publishing and motion picture rights of their entries.

## Declare Teen-Age Drivers Reckless

CHICAGO, Sept. 1.—Are teen-age drivers as reckless as older folks say they are? The National Safety Council says the answer is "yes".

The 1946 edition of Accident Facts, the council's statistical yearbook, includes studies made of accident rates of drivers in various age groups. These studies show that the fatal accident rate in terms of miles driven by youngsters under 20 was 89 per cent higher than the average rate for all drivers.

The council believes driver training courses in high schools and colleges are a big part of the answer to the problem. Better examples by parents and older drivers would help a lot too, it says.

## Order Of Purple Heart Bankrupt

CHICAGO, Sept. 1.—(INS)—A voluntary bankruptcy petition has been filed in Federal court in Chicago by the military order of the Purple Heart, Inc.

Romano E. Posanski, who prepared the petition for the veterans organization, said two creditors who filed suit for money due them had forced the action.

Assets of the organization were listed at \$5,833 and liabilities at \$42,532.

The order has 175,000 members and 270 chapters with national headquarters at Chicago.

Milk production in the United States in 1947 was 18 per cent larger than before the war, but per capita consumption was one per cent below because of the increase in population.

## Will Attempt To Break Speed Mark At Cleveland Show

Cleveland Air Race Fans Will See Effort Made To Break 680.796 MPH Speed Record

CLEVELAND, Sept. 1.—(INS)—The United States Air Force will attempt to break an existing speed record of 680.796 miles per hour with a flight by an F-80 jet fighter at the National Air Races in Cleveland next weekend.

Air Race officials announced scheduling of the flight today. Maj. Richard L. Johnson of the Wright-Patterson Air Force Base in Dayton, will pilot the jet plane over the three kilometer course. The existing record was set on August 25, 1947 by Lieut. Col. Marion E. Carl in a Douglas D-558 Skyrocket.

The first attempt to break the mark will be made on Saturday, the first day of the races. If another flight is necessary it will be flown Sunday and Monday.

In order to officially establish the record, the plane must fly twice each way over the special 1.86-mile course, called the General Electric speed course. The race will be flown in front of the grandstands and under the rules of the Federation Aeronautique Internationale.

## Labor Federation Executive Council Will Map Policies

HARRISBURG, Sept. 1.—(INS)—The executive council of the Pennsylvania Federation of Labor (AFL) today will meet at Harrisburg to map political, social and administrative policies for the coming year for its 700,000 affiliated members.

President James L. McDewitt, of Philadelphia, reported that the council will study resolutions offered by the federation convention last May "and other vital issues which have presented themselves during this important election year."

Review Decision The group also will review a convention decision to refer the matter of presidential endorsement to the state committee of the Federation's League for Political Education, he said.

Among other matters on the council's agenda are studies of the Taft-Hartley law and its effect on organized labor, an intensified educational program for members of local unions, repression of civil rights, displaced persons, anti-semitism and foreign made goods.

## National Gymnast Gann At Detroit

American-Welsh Folks To Attend 17th Annual Welsh Hymn Singing Assembly Sept. 4 And 5

Quite a large group of American-Welsh folks and friends of this city are planning to attend the International Gymnast Gann at Detroit, Mich., September 4 and 5.

A bus will leave Saturday morning at 6 o'clock from East Reynolds street, near First Congregational church, for Detroit. Mrs. David M. Owens, Mrs. Isaac Llewellyn, Arthur J. Rees, Mrs. Ben Fowler, Mrs. William Bluedorn are the transportation committee.

Word has been received by Mrs. Isaac Llewellyn of 1117 North Liberty street from Detroit, Mich., that about 3,000 singers, one of the largest choral groups ever to sing in Cass Technical high school, that city, will participate from the United States and Canada, in the 17th International Gymnast Gann (Welsh Hymn Singing Assembly), singing the anthems and hymns of Wales, Sunday, September 5.

The Detroit group of singers is being trained by Albert T. Davies, director of music at Immanuel Episcopal church and of the Welsh Gleemen.

Director of the assembly singing will be Prof. John Roberts, Utica, N. Y., chairman of Noson Lawen (Happy Evening) Saturday, September 4, will be Thomas Jones, Port Huron, Mich. Rev. Daniel Hughes, pastor of Welsh Presbyterian church, and Rev. W. Morgan Lewis of Gratiot Avenue Presbyterian church, Detroit, will conduct the Sunday morning worship service. Humphrey Jones of Toronto, Canada, will preside at the song service in the afternoon at 2 and David John Griffiths, Detroit, at the song service in the evening at 7.

Henry T. Jones, president of the National Gymnast Gann Association, leaves here Friday noon to attend the executive meeting that evening at 9 at Book-Cadillac hotel. Mr. Jones has arranged for the E. & C. train passing through the city, just after midnight, to stop here Friday and Saturday evening to pick up passengers for Detroit.

The United States flag was hoisted over Wake Island July 4, 1898.

## Thank God For Muscle-Rub!

WRITES MR. ROBERT JORDAN, COLOR, IOWA.

Advises every sufferer from Rheumatic-Arthritic-Sciatic-Nerve Pains to try Muscle-Rub.

Here's the true story of a man who took treatment, used all kind of remedies for his sciatic, rheumatic pains without being helped in the slightest degree. Mr. Robert Jordan of Color, Iowa, suffered agony from pains in his hip, knee—cold at legs. The pain at times was so bad that he couldn't sit down. He tried several different treatments, many different medicines, all of which did him no good. He couldn't work. Life was misery for him.

Then one day he saw an advertisement of Muscle-Rub—the doctor's prescription—and the description, bought a bottle. He used it as directed and in 3 days the pains were relieved and Mr. Jordan was back on the job.

We wonder he advises every rheumatic sufferer to try Muscle-Rub for fast pain relief. Get a bottle today.

## NOT HAY INDICATES FIRE DANGER

An inquiry from a Lawrence County farmer concerning hot hay points out the following facts:

At 150 degrees ventilation should be stopped. Do not let air into the mass of hay, or permit a draft over it.

At 185 degrees remove the hay from the mow. Be ready to call the fire engines if needed. Men working in the mow should stand on boards to safeguard them from the possible danger of dropping into a red-hot hole where the hay already has charred.

At 195 degrees don't touch the hay until the fire engines are on hand.

Temperature of the hay can be taken through pipes which should be left in place. For accuracy use a maximum reading thermometer. A dairy thermometer will do if removed rapidly and read quickly.

## SMART BUILD-UP BETTER WHEN HOUSING PULLETS

Many Lawrence County poultrymen have learned that building up litter can save labor and inconvenience. The best time to start his program of building the litter is when pullets are moved into the laying house, according to Walter Rodgers, Plainville, who has used this system for several years.

While the weather is still warm, the houses are open for best ventilation and droppings voided in the litter quickly dry and crumble, thus becoming a part of the base of the built-up litter. Mr. Rodgers starts covering the floor with sand, then a thin layer of litter is added. As it breaks up, an addition layer is added at two-week intervals or in smaller quantities once a week. Since straw is the most commonly used litter, no new straw is added until the fowls have broken the litter into small lengths about two inches long.

Some grain is fed in the litter to promote further breaking of the straw as the fowls scratch in it. As long as the litter remains dry, the litter is not removed from the pens. When it appears to be dirty, additional litter is needed to keep it bright appearing and so a proper balance is maintained between the litter material and the dried, broken droppings.

When damp spots appear, they should be removed and dry, broken litter leveled into places before new litter is added.

With this type of litter program, poultrymen have reduced the cleaning job to once or twice a year. Costs of material also have been lowered.

## Fruits Maturing Too Quickly Now

HARRISBURG, Sept. 1.—(INS)—The State Agriculture department today reported that the past week—"the hottest of the year"—generally favored crops but ripened fruits too rapidly. Temperatures during the week averaged 11 degrees above normal, the department said, while rain totaled only .07 of an inch. Conditions favored harvesting

of hay and grains, speeded growth of corn, tobacco and potatoes, started grapes coloring and slowed spread of tomato blight. On the other hand, fruits matured too quickly, bringing peaches on with a rush and causing a relatively short harvest season. Apples ripened fast and some types were cracking badly.

## State's Share Of School Costs To Take Jump

HARRISBURG, Sept. 1.—(INS)—The state's share of public school operating costs will go up \$4,733,000 during the 1948-49 year.

The Department of Public Instruction reported today that commonwealth subsidies will rise from \$91,451,000 due for the 1947-48 year to \$96,184,000 for coming year.

The increase was mandated by the general assembly under the Teacher Salary Act of 1947 which guaranteed automatic pay hikes for most teachers this year and boosts in subsidies to help school districts underwrite the payroll.

**Salary Increases**  
The salary increases will come in the form of annual increments amounting to \$150 for teachers in second, third and fourth class districts and \$200 for those in Pittsburgh and Philadelphia who have not attained the maximum pay rates.

The increments do not change the legislated mandatory salary range of \$2,175-\$6,000 for the metropolitan schools and \$1,800-\$3,600 for all others.

To help school boards meet the increased burden imposed on them, the 1947 legislature raised minimum subsidies from \$600 to \$700 during 1947-48 and hiked them again to \$800 during 1948-49 and thereafter.

The maximum subsidies were increased immediately from \$1,800 to \$2,200. An additional \$100 a year was guaranteed until \$3,600 is reached in 1950-51. The subsidies are paid on the basis of teacher-pupil units and payments are made a year late to allow for accurate calculations.

**Forty Pay Cuts**  
State fiscal experts say the commonwealth is now supporting 40 per cent of Pennsylvania's education bill and will have expended by the end of the 1947-48 biennium \$225,000,000 for public schooling.

Demands for greater assistance from the state were being shaped by the State Education Association, representing most of Pennsylvania's 61,000 teachers. The demands will be presented in the form of legislative recommendations to the general assembly.

A PERA spokesman said the mandatory salary scale "looks good on paper, but in operation is the poorest thing that ever came down the pike."

Increases were not given teachers in cases where local school officials earlier gave voluntary increases and then applied them to the required figure, he said. Some received very slight increases while others benefited from large ones necessary to raise salaries to the lowest of the mandated rates, he added.

The PERA said the median salary now is \$3,000.

## Dewey Schedule Is About Ready

ALBANY, N. Y., Sept. 1.—(INS)—Aides to Gov. Thomas E. Dewey said Tuesday that the GOP presidential candidate's full schedule will be announced soon by Republican national headquarters in Washington.

Dewey, who has completed drafts of a 300,000 word campaign speech, returned to Albany Monday night from New York where he was an honorary pallbearer at the funeral of Charles Evans Hughes, former chief justice of the U. S. Supreme Court.

## Industry Must Be Poised Ready For Mobilization

WASHINGTON, Sept. 1.—(INS)—A group of scientists were told Tuesday that American industry must be poised for immediate mobilization in event of an emergency.

The warning was delivered to the annual meeting of the American Chemical Society as another speaker told how Russia is combing the earth for strategic chemical elements.

Dr. William T. Hack of the National Security Resources Board asserted the government is "planning for an emergency in which we would be attacked, but we don't know when, where, how or by whom."

He said that even the question of who would be our allies "could throw the calculations off substantially." He declared:

"The entire defense structure of the country must rest on a mobilized industry which produces the weapons of war. To get these weapons is the whole purpose of economic mobilization so the strategic defense plan and its requirements get first priority."

Dr. Sonya G. MacLachlan of the American Cyanamid Co., Stamford, Conn., disclosed that the Russian program is under direction of the Council of People's Commissars of U.S.S.R.

MacLachlan declared that Soviet scientists have stressed physiological and chemical research on the

effect of radioactive and rare elements of plant growth.

MacLachlan declared that much work has been devoted to the investigation of the occurrence of rare elements in fresh and salt waters, "as well as to the radioactivity of water, soils and organisms." He said:

"This led to the discovery of se-

lective concentration of radioactive elements by plants from water solutions and soils. The amounts of radioactive radium, thorium, mesothorium and actinium contained in various sea and land organisms were described for the first time."

The meeting also was told:

1. Of new drugs which provide temporary relief from high blood

pressure but are not yet ready for human use.

2. How significant gains in soil conservation are being made as a result of rapidly increasing use of finely ground rock phosphate for use as fertilizer.

3. A new pain-killing drug has been developed which is many times more potent than cocaine.

## Fifty Billion Taxes Paid In U.S. During '47

By WILLIAM KIRWIN  
(U. S. Staff Correspondent)

WASHINGTON, Sept. 1.—The Census Bureau reported that 52 billion one hundred million dollars poured into federal, state and local government treasuries during fiscal 1947.

The money consisted almost exclusively of taxes except for two billion 500 million dollars representing returns for services rendered by the governments.

The bureau said that taxes provided 40 billion 600 million dollars of the money received during the 12 months ending June 30, 1947.

This was figured to a per capita distribution of \$344 paid by every person in the United States.

**Biggest Slice**  
Of the money paid in taxes, the federal government received the biggest slice of the dollar-laden pie.

three-fourths or 37 billion 100 million dollars. The remaining 15 billion 500 million dollars was collected by state, city and county governments.

The bureau estimated that the overall income figure represented an increase of one billion one hundred million dollars, 2.3 per cent, above the amount collected in 1946.

It noted a "slight decline" in federal revenues during the 1947 period which was "more than offset" by increases to state and local governments.

**Below 1946 Record**  
But the figure was still below the all-time high in government revenue reached in 1945 when they climbed to a cool 55 billion dollars.

And the bureau's report pointed out that revenues were still 118 per cent higher than the amount collected in 1942.

Taxes paid by individuals provided 35 per cent or 18 billion 300 million dollars of all the money taken in during 1947. Next were sales and gross receipts taxes, including federal excise taxes and customs duties which accounted for 11 billion 300 million or 22 per cent.

Corporation income taxes were nine billion dollars or 17 per cent and property taxes provided 11 per cent, other taxes 10 per cent and non-tax sources five percent.

The bureau further estimated that Americans individually paid 17 billion 902 million dollars into the federal government in income taxes. Corporations were touched for eight billion 602 million dollars by Uncle Sam.

**Cancer Deaths  
Becoming Fewer**  
HARRISBURG, Sept. 1.—(INS)

The Pennsylvania division of the American Cancer society said today fewer fatalities have resulted from skin cancer "since it became apparent that exposure to the weather and sunlight are the principal factors in causing this condition."

Dr. John H. Harris, president of the division, said early diagnosis and treatment of the dread disease has brought about a decline in deaths from cancer of the uterus, mouth and skin.

## S. E. E. CLASS

**ELECTS OFFICERS**  
S. E. E. class of the First Methodist church met Monday evening in the home of Mrs. Frank Marquis, East street, for a devotional program and election of officers. Vases of flowers decorated the house for the occasion.

Mrs. W. A. Hoffmaster conducted devotionals based on a chapter from Revelations and read several poems by Jennie Claire Adams.

Election of officers resulted as follows: president, Miss Sarah Wallace; first vice president, Miss Mary Alice White; second vice president, Mrs. H. E. Wiant; secretary, Mrs. Ralph B. Shiner; treasurer, Mrs. Frank Marquis; teacher, Mrs. Roy Miller; assistant teacher, Miss Viola Wallace.

At the close of business there was a social period with Miss Helen Mosely, Mrs. W. L. Seal and Mrs. M. L. Rich assisting the hostess.

Next meeting will be Monday, October 4, in the home of Mrs. H. C. Campbell, Moody avenue.

## BRIDESMAIDS GIVE PRE-NUPRIAL SHOWER

On Tuesday evening, Miss Shirley McGuire and Miss Roseann Zeigler entertained jointly at a shower for their cousin, Miss Lois Hogue, a September bride-elect, at the former's home, 1021 Rose avenue.

Games offered entertainment during the evening with prizes awarded winners. Door prize was won by Mrs. Fidelity Boyd.

The honoree received a number of lovely gifts of a miscellaneous nature.

Afterward a lunch was served with the decorations carried out in pink, green and white. Miss Dorothy Zeigler assisted the hostess.

Miss McGuire and Miss Zeigler will be bridesmaids at the wedding on September 18 when Miss Hogue will be married to James W. Thompson at an open church ceremony in Epworth Methodist church.

Poetry Group Tonight  
Poetry Group will meet tonight at 7:30 in the public library with Miss Garnet Rhodes in charge.

## WEDDING IN VALLEY OF INTEREST HERE

Rev. L. A. Bradbury, new rector of St. Mary's Episcopal church, Beaver Falls, performed his first marriage ceremony since going to the valley a few weeks ago on the evening of August 26, when he read the rites uniting in marriage Miss Doris Marie Pearsall, the daughter of Mr. and Mrs. Glenn A. Pearsall, of Sewickley township, and Robert Earl Ingram, the son of Mr. and Mrs. Joseph Earl Ingram of Beaver Falls. The double ring ceremony took place at 7:30 o'clock.

The newlyweds left on a week's motor trip west and upon their return they will take up residence with the groom's mother at 2300 Sixth avenue, Beaver Falls.

Guests from New Castle at the wedding were Mr. and Mrs. L. A. Pearsall, Mr. and Mrs. Earl H. Pearsall and son, William, Mrs. Harry A. Miller, the Misses Mary Lou and Patricia Miller, Mr. and Mrs. David Fenton, Mrs. Cecil Mitchell, Miss Jackie Mitchell, Miss Ernie Reider, Mr. and Mrs. David Kimmel, Mr. and Mrs. Dickson Kimmel, C. F. Kimmel, Fred Theiss and Edward Mallinowski.

Given in marriage by her father, the bride wore a white slipper satin gown and fingertip veil attached to a tiara of seed pearls. She had a shower corsage of white gardenias and carried a white prayer book.

Her sister, Miss Shirley Pearsall, her only attendant, wore a frock of candy pink satin with a matching halo and carried a corsage of red roses.

Edward Moser of Beaver Falls served as best man, and Robert Smith and Ray Allen of Beaver Falls ushered.

Mrs. Earl Pearsall of New Castle sang "At Dawning" and at the conclusion of the marriage service she sang "Roses". Mrs. C. C. Murphy was the organist.

A reception in the church for 100 guests supplemented the nuptial service. Aides were Mrs. Cecil Mitchell, Miss Jackie Mitchell and Miss Patricia Miller, all of New Castle, Mrs. Howard Dickson of Pittsburgh, Miss Donna Blinn of Sewickley township, and Mrs. Betty Henderson and Miss Janet Rose of Beaver Falls.

## BRIDE-ELECT FETED AT WIENER ROAST

Mrs. Donald McNicholas, Miss Doris Daugherty and James Emery entertained a group of friends Saturday evening, August 28, at the home of Mrs. Cecil Mitchell, Miss Jackie Mitchell and Miss Patricia Miller, all of New Castle, Mrs. Howard Dickson of Pittsburgh, Miss Donna Blinn of Sewickley township, and Mrs. Betty Henderson and Miss Janet Rose of Beaver Falls.

The evening was spent in an informal social time. Miss Donley was showered with an array of miscellaneous gifts for use in her future home.

Refreshments were in the form of a corn and wiener roast.

Miss Donley, daughter of Mr.

and Mrs. C. E. Donley, of W. State street, will become the bride of William J. Williams, son of Mr. and Mrs. W. C. Williams, of the Butler road, at an open church wedding Friday evening, September 3, at 7:30 p. m., in the First Baptist church.

The city of Baltimore, Md., was first settled in 1663.

## Books Listed To Give Appreciation Of Freedom Train

The Freedom Train carrying the greatest collection of American historical documents ever brought together for display, is scheduled for stops in many cities from the Atlantic to the Pacific. American history is the record of peoples long fight for political and religious freedom.

Since it seems unlikely at present that the Freedom Train will make a stop in New Castle the Public Library wishes to list a few of the books which will give a deeper appreciation of the historical documents in the Train, and of their significance:

"Heritage of Freedom" by Frank Monaghan  
"The American Past" by Roger P. Butterfield  
"America, the Story of a Free People" by Nevins, Allan and Henry S. Commager  
"Epic of America" by James Truslow Adams  
"Watchwords of Liberty" by Robert Lawton  
"Our Foreign-Born Citizens, What They Have Done for America" by Annie E. S. Beard  
"One Nation" by Wallace Stegner  
"From Many Lands" by Louis Adams  
"These Foreigners" by W. S. Scarborough  
"We Who Built America" by Carl Wittke  
"America Through Women's Eyes" by Mary Beard  
"Bulwark of the Republic" by Burton Hendrick  
"The Great Rehearsal" by Carl G. VanDoren  
"Enduring Federalist" by Charles A. Beard  
"The Declaration of Independence" by Carl Becker  
"The American Civilization" by Charles A. and Mary R. Beard.

## Easy Credit Buying Heavy During 1947

WASHINGTON, Sept. 1.—(INS)—The Federal Reserve Board estimated that more "easy credit" buying was done last year than ever before.

The board placed installment buying sales at eight billion 500 million dollars and charge account transactions at 22 billion 700 million dollars.

Cash sales throughout the nation were listed at 88 billion 500 million dollars for an overall total of 117 billion 700 million dollars spent by Americans on store goods.

The board said that installment sales were up 20 percent over figures for 1941 and estimated total credit sales as being 31 billion 200 million dollars or 37 percent more than 1946's total.

## Good Breakfast Vital For Tots Starting School

"Tiny tots, on their first day of school, need the feeling of security which comes from a good breakfast," says Mrs. William Cosel, nutrition chairman of the Lawrence County Red Cross Chapter. A good start for the day is assured for the small child when the familiar pattern of a hot, well-cooked cereal, fruit, toast, and milk is eaten without hurry.

Recognized health authorities emphasize that the child's health as well as his ability to get along well in school is related to the child's daily breakfast habits. A good breakfast provides a good beginning for the school day by stimulating good digestive activity and good habits of hygiene.

The before-school meal is a definite factor in the health of the child," Mrs. Cosel said in stressing the importance of breakfast in the school day.

## New York Truck Drivers Vote To Commence Strike

NEW YORK, Sept. 1.—(INS)—Twenty-thousand New York City truck drivers voted today to strike immediately to enforce their demands for higher wages.

The vote was 3251 for rejection of a contract offered by trucking firms against 1425.

President John E. Strong of local 807 said that the truckers would not work today "because they no contract, nothing to work under."

No Comment  
Strong had no immediate comment on strike plans, adding any such action will depend on a meeting at noon today.

Union officials said that nine other unions in Westchester county, Long Island and parts of New Jersey are prepared to follow suit.

The nine additional labor bodies have another 30,000 members.

If called, the strike would halt 80 per cent of the city's trucking, including basic commodities. The only exception would be fresh produce.

Two years ago virtually all trucking in greater New York came to a standstill by a strike.

## WHEN YOU CLEAN HOUSE—

## DO YOU NEED A STEVEDORE? or just the vacuum cleaner?

It's unheard of in a home that has Adequate Wiring—pushing and shoving the furniture around to get at an outlet.

**ADADEQUATE WIRING** always—in any room in your house—the vacuum, radio, lamps, household appliances and other electrical equipment can quickly and easily be connected, and conveniently and effectively used. There'll be no more dust-catching extension cord entanglements to put up with, no more having to crawl under beds and couches to pull out one plug so you can connect another.

**ADADEQUATE WIRING** not only makes provision for enough outlets. An Adequate Wiring installation insures, too, that your home will be economically supplied with enough power for all its electrical needs. And with enough permanent lights, controlled by switches where needed, to reduce accidents and eyestrain and add beauty to your home, indoors and out.

## Seuffle On For Rights To New Champion

**By LAWTON CARVER**  
INS Sports Editor  
NEW YORK, Sept. 1.—The seuffle is really on now in our boxing circles for exclusive rights to the next world heavyweight champion, identity currently unknown.  
Apparently Joe Louis is definitely through for 1948, although he hasn't yet made it formal with a written resignation to the New York commission or to the National Boxing Association.  
The result of his retirement has caused an epidemic of scheming with the 20th Century Sporting Club and the Tournament of Champions, Inc., lined up against each other.  
The tournament of champions is putting on a semi-final between Jersey Joe Walcott and Gus Lesnevich Sept. 21 when Tony Zale defends his world middleweight crown against Marcel Cerdan.  
The idea of the Walcott-Lesnevich match is to get a heavy-weight contender.  
Walcott was beaten once then knocked out by Louis. Lesnevich lost his light heavyweight title to Freddy Mills at London in his last start.  
The 20th Century has come up with a 15-round match between Ezzard Charles and Joe Baksi for Nov. 12.  
Charles dropped a decision to Elmer Ray in his last Garden start a year ago but knocked Ray out in a return bout. Baksi was beaten by Olle Tandberg, of Sweden, last year, and has been virtually in retirement since then.  
The 20th Century has scheduled the Charles-Baksi contest at the championship route of 15 rounds for the obvious purpose of billing the winner as the leading contender.  
Lesnevich and Walcott are scheduled for only 10 rounds on the tournament of champions show.  
Neither match is going to produce a bona fide contender for the title which Louis is giving up for the simple reason that none of these principals is a top flight winner.  
Charles is the best of the lot and he actually is only a light heavyweight.

## KILROY WAS THERE, 150 DOLLARS WORTH

**PHILADELPHIA, Sept. 1.—**(INS)—Frank Kilroy, guard on the Philadelphia Eagles football team, Tuesday was fined \$150 by Bert Bell, National Football League Commissioner.  
The fine was levied for Kilroy's "unsportsmanlike" conduct in the Eagles-Chicago Bears non-championship game in Indianapolis last Saturday.  
Bell warned Kilroy that a repetition of such conduct would bring about his suspension.

## Dukes-Hickory Battle Tonight

**Oroton's "Little World Series" Will Draw Throng To Cascade Street Field**

There'll be a lot of early supper tonight in the Oroton district, and the fans will head their steps toward the Cascade Street field for the first game of the Oroton championship baseball series between the Dukes and Hickory City leaguers and the Hickory Heights North County league team. The game is slated for a 6 o'clock start.  
This is a best out of five series, and the prediction is that it will not go to five games. The Dukes are confident that they will do it up in three straight, the Hickorys being just as determined that they won't. In fact the Hickory team through Manager Jake Yarell, has contended it will take but three games, but that Hickory will win three in a row.  
This game has the Oroton district in a dither. It's the most discussed series of the century for the happy Orotonites.

## Big Nine Gridders, Irish Draw Uniforms

**CHICAGO, Sept. 1.—**(INS)—The equipment call was sounded today in Midwest football locker rooms from Columbus to Iowa City and from Ann Arbor to South Bend.

More than 600 ace footballers are scheduled to answer the opening-practice call at Notre Dame and at all nine Western Conference schools today, with the question of midwestern supremacy for 1948 still a moot one—but one which may well be answered before the month is over.  
That's because Purdue, considered by many the most likely to succeed in the Big Nine, waded in against Notre Dame, undefeated the last two years running, at South Bend, Ind., on September 25, in the season's opener for both teams.  
After meeting Notre Dame, the Boilermakers go on to face six conference foes—Northwestern, Michigan, Iowa, Illinois, Minnesota and Indiana—and that schedule includes the two teams considered the other red-hot flag aspirants in the Big Nine: Minnesota and Michigan.

## AUSSIE PLAYER BILLY SIDWELL DAVIS CUP THREAT

**NEW YORK, Sept. 1.—**(INS)—It seems that the best tennis player in advance of the Davis Cup challenge round this week-end is neither Ted Schroeder nor Frankie Parker, America's expected singles nominees. Nor apparently does Australian team captain Adrian Quist qualify for that distinction.  
It goes instead, to a man who was unknown and unwanted in international play a year ago—Australia's Billy Sidwell.  
At least that's what Vincent Richards indicated today in designating Sidwell as a pre-challenge round "sleeper" who could, and very well might, wind up dominating both singles and doubles in the three-day fests.  
Richards named no names in rating Sidwell potentially with the top hands of tennis for the last 25 years. But he seemed to cover everything pretty adequately with this blanket assertion:  
"He (Sidwell) would give plenty of trouble to anybody I ever saw or played against."  
Sol Harris Miskin, head baseball coach of City College of New York, will manage the Newark team of the Ohio-Indiana league for the remainder of the season.

## Boudreau Leads Indians To Win Over Athletics

**Yanks, Red Sox Also Cop Games; Bruins Jolt Dodgers; 3-0 and 7-2; Pirates Rally In Seventh To Down Giants, Oling To Third Spot.**

**By LOU GABAVENT**  
NEW YORK, Sept. 1.—(INS)—Baseball's mad scramble for team and individual honors enters its final month today with doubt and a variety of possibilities surrounding both cases.  
As the stretch run hovers closer daily it is apparent that the Cleveland Indians possibly could take most of the honors—the pennant, most valuable player and rookie of the year awards plus the manager of the year, and a handful of titles.  
Many of these honors hinge upon winning a pennant. But if Cleveland can win her first flag in 26 years, then Manager Lou Boudreau may cap a majority of the honors.  
It would be hard to shun him as manager of the year, he certainly is his team's most valuable player, and currently Boudreau is in a virtual tie with Boston's Ted Williams for the American league batting championship.  
Boudreau put on quite a show last night as Cleveland whipped the Athletics 6 to 1. He got three hits—a single, double and triple—

**NEW ATTENDANCE MARK**  
PITTSBURGH, Sept. 1.—(INS)—The Pittsburgh Pirates have a new record today—in attendance.  
The 30,326 fans who saw the Bucs beat the New York Giants 5-4 last night, broke the attendance at Forbes Field for the year to a new high of 1,291,856 fans.  
The previous mark of 1,282,000 was set by the Pirates in 1947.

**LOU BOUDREAU**  
to lead his club to victory, and in the ninth, Boudreau inserted Bob Lemon and the A's didn't score.  
All Others Win  
The other first division clubs also won in night games.  
The Boston Red Sox belted three Detroit pitchers to win 8 to 4 and give rookie left-hander Mel Parnell his 11th win, eight of them under the lights.  
The New York Yankees nipped a runner at home to stem a ninth-inning rally to defeat the St. Louis Browns 10 to 2. The Browns came up with five runs but Whitey Platt was nailed at home when he tried to score on Dick Kokor's double.  
Allie Reynolds scored his 15th win. Cliff Fanning was the loser. Washington's Sid Hudson batted a four-hit 7 to 1 win over the Chicago White Sox to score his first victory since June 30.  
Dodgers Drop Two  
In the National league, the Brooklyn Dodgers fell twice before the Chicago Cubs, 3 to 0 and 7 to 2. Hank Borowy pitched a one-hitter in the opener and faced only 27 men in the process.  
The other National league first division teams moved up on the first place Dodgers.  
The Boston Braves moved into a virtual first-place tie with Brooklyn, beating the Cincinnati Reds 3 to 1 on Red Barrett's seven-hit pitching and Frank McCormick's two-run homer in the sixth.  
The Pittsburgh Pirates rallied for three runs in the seventh to defeat the New York Giants 5 to 4 and extend New York's losing streak to seven straight. Johnny Mize hit his 32nd homer off winner Elmer Riddle.  
The Cardinals' George Munger shut out the Philadelphia Phillies 5 to 0 on four hits to keep St. Louis in the running.

**STEELERS ATTEND Calcagni Rites**  
CAMBRIDGE SPRINGS, Pa., Sept. 1.—(INS)—The entire Pittsburgh Steelers football squad will be in Smithton, Pa., today to attend the funeral services for Tackle Ralph Calcagni who died Sunday following an appendix operation.  
Calcagni will be buried in West Newton cemetery after a solemn requiem mass is sung at St. Timothy's church in Smithton. The former University of Pennsylvania captain, whose death was caused by a blood clot, was 26-years-old.

## Mahoning Sportsmen To Meet Thursday

There will be an important meeting of the Mahoning Sportsmen association at the Hillsville school at 7:30 o'clock Thursday evening. It was announced today by President Vylus Latahaw. A full turnout of members is requested.

## WALT SLATER QUILTS STEELERS TO COACH

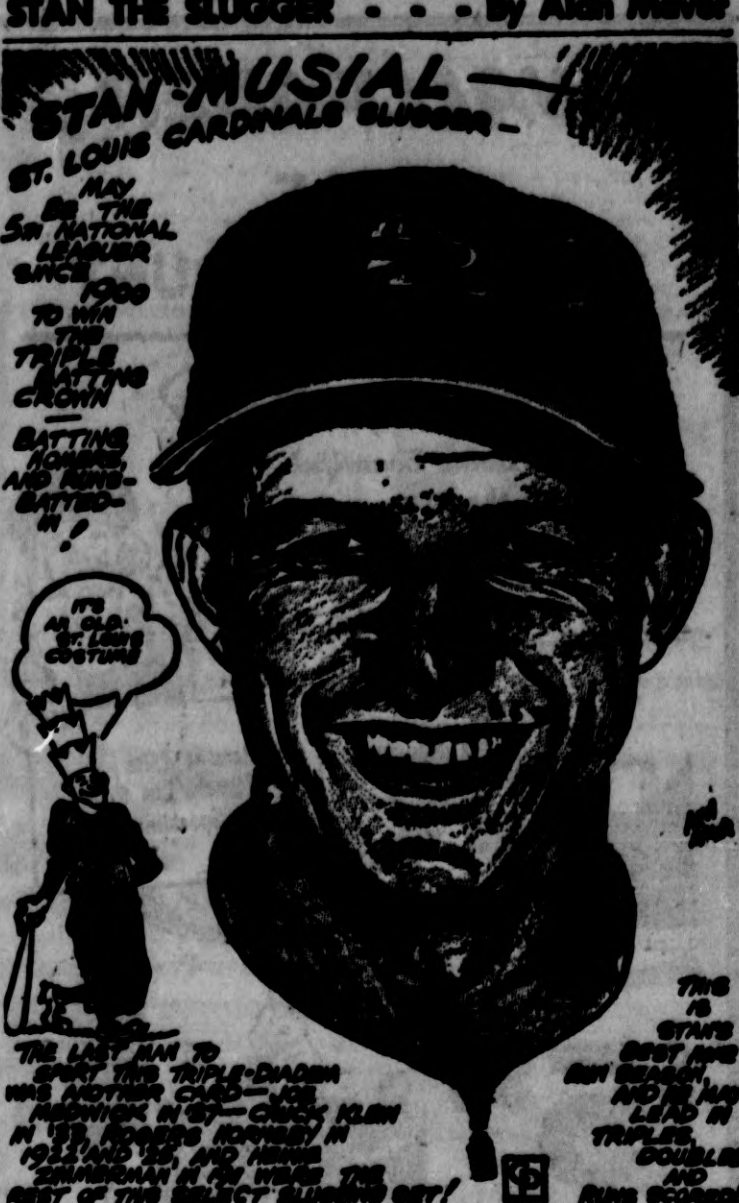

**PITTSBURGH, Aug. 31.—**(INS)—Halfback Walt Slater today retired from professional football to accept a job as backfield coach at North Carolina State University.  
The 27-year-old University of Tennessee product replaces Ray Wood, who re-enlisted for military service. He will join the staff of Beattie Feathers, another Tennessee product.

## THIRD DEFEATS WESLEY

Paced by two terrific home run clouts, one by Don Wyman and the other by the "Blonde Adonis" of the Third U. P. team, Carroll Byler, this round-tripper sinking Wesley, 10 to 8. Dale Weisbaker did the Third U. P. pitching and as usual was tops.

## HERE AND THERE IN SPORTS' LAND

**RUSSELL BARTER**, local middleweight, is entering his fight with **Martin Doyle** tonight at Windsor, Ont., with a laceration of the head, incurred when struck, without warning, by a man armed with a heavy Oxford which had a steel plate on the heel. Before departing for Windsor, Bart said: "I hope the examining doctor fails to see the cut. I guess I'll have to 'mess up' my hair to 'get by'." Bill Bradley and Les Leasure are also on the Windsor card. After his fight tonight, Bradley will go under the management of Jimmie Dunn of Cleveland, Ill., having asked Here & There to pave the way for his appearance under Dunn's banner. Jimmie agreed to pilot him. Plans for Crawford County's participation in the September 11 French testimonial dinner here were made at Vanangboro, Monday night. During the fete in the Cathedral, both Governor James A. Duff will be an honored guest, and Mr. French will be initiated into the Seneca Indian tribe. Margaret Bernice Danice of Crawford County, who has been picked there as "Miss Angier", will present the Crawford County council's gift to Commissioner French. She and 10 other "Miss Angiers" of northwestern area counties will be presented by Governor Duff to Commissioner French for the ceremonies. Elmer Brown is taking Lawrence County residents for reservations, which cost \$3.

Indianapolis Clowns who beat the City League All-Stars after they put in their best pitcher here recently, play the Kansas City Monarchs at Flaherty field, September 9, and a mammoth crowd will be present to see the classy clubs clash. "Hold up your hands! Keep stepping in!" These are the chief instructions given by present-day seconds to fighters, according to Patsy Brannigan, who was here recently. Patsy has taken under his tutelage a youngster named Tommy Majors. Some years ago Patsy uncovered Yankee Rodgers, who turned out to be on of Pittsburgh's main little fellows, but who since has dropped out of the limelight. Willis G. McMullen and the Mrs. have returned from a fishing trip off the Virginia coast, where Willis says he got tired pulling 'em in. Allentown high school's new \$800,000 community stadium will be dedicated during the week of September 13. Four thousand dollars worth of fireworks will be exploded and 50 students will appear in a pageant, September 13. Sixteen-year-old Harold Coblenz of East Washington street, caught a 26-inch pike on a silver spoon at Beverly lake, where he fished with his uncle, Ernest Montgomery.

### FLYING MADE EASIER

**GREAT FALLS, Mont.**—Rangers in Lewis and Clark National Forest hope to make flying thru the towering Little Belt mountains as easy as navigating a car in a well laid-out city. Dozens of forest fire look-out stations that dot the area are being painted with latitude and longitude markings for the benefit of air traffic.

The family of herons includes bitterns and night herons.

### DEVOTION MADE EASY

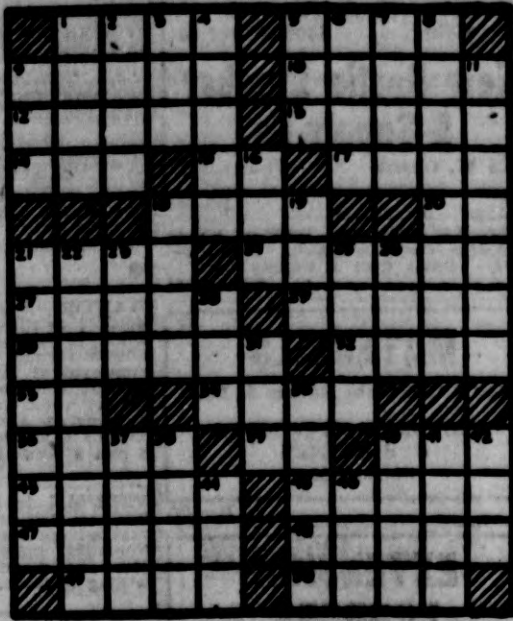

**ROCKFORD, Mich.**—Lethargic vacationists can get their religion the easy way here. The Rev. Carl Wier of the First Baptist church conducts sermons by a public address system at the fair grounds for the summer months and gets a drive-in congregation. The services are complete, even to having ushers pass collection plates among the cars.

Drive Slow—Children Move Fast.

**More Meetings  
Set To Explain  
Changes In Rules**  
HARRISBURG, Sept. 1.—(INS)—The Pennsylvania Interscholastic Athletic Association today set up nine more meetings throughout the state to explain revisions in the 1948 schoolboy athletic code to local officials.  
The first in the series was held last night at Johnstown, by Dr. Frank P. Maguire, PIAA commissioner on officials, and L. V. Kost, aide to Executive Secretary Edmund Wicht.  
A meeting will be held tonight in Pittsburgh's Allegheny high school.  
The balance of the schedule: Erie Technical High School, September 2; Williamsport, Senior High School, September 3; Upper Darby, Senior High School, September 7; Allentown, Central Catholic High School, September 8; Wilkes-Barre, Meyers High School, September 9; Harrisburg, Penn Harris High School, September 13; Reading, Abraham Lincoln High School, September 14.

## D-DAY FOR RIEGEL IN MEMPHIS TOURNEY

MEMPHIS, Tenn., Sept. 1.—(INS)—This is D-day for defending champion Robert Riegel in the 48th U. S. amateur golf tournament.  
This is the day the Monterey, Calif., golfer tees off at the 6,617-yard Memphis country club against Gene Dahlbender of Atlanta, Ga. If Riegel wins, a couple hours later he may replay Johnny Dawson, the 46-year-old Hollywood, Calif., stylist who lost to Riegel in the final last year at Pebble Beach, Calif. This time, however, it would be only a fourth round match.  
The 64-man field will be narrowed down to 32 shortly after noon today and cut again to 16 golfers by nightfall. Every winner will play two 18-hole matches. Blond, atomic-powered Dahlbender is supposed to give Riegel his toughest match of the tournament thus far.
